## COUNCIL CUTS TWO MILLS OFF

Fourth Estimates Debate By City Effects Total Reduction of \$78,708

Mill Rate of Over 44 Mills Indicated Unless Further Pruning Is Achieved

A tax rate of some 44 mills on the dollar is indicated unless the city budget requirements for 1928 can be made to shed a little more. From unreviled estimates calling for \$2,671,330, the City Council has succeeded in cutting \$78,708, or approximately 3 mills. With receipts at slightly over \$800,000, it would take a tax rate of 44 mills to balance the budget unless further pruning takes place. With little surplus such as handed on in other years the council is finding difficulty in keeping the rate down.

The reducing process entered its fourth stage last night, for a net cut of \$44,800. On March 12 the council succeeded in eliminating estimated expenditures calling for \$33,600, and in two meetings previous to that had found \$285 unnecessary. These reductions total cuts of \$78,708.

A mill rate of 42 mills would produce \$2,500,480 with the help of normal receipts, according to D. A. MacDonald, City Comptroller. A mill rate to produce \$2,502,822 is called for as the budget stands at present, subject to the probability of still further pruning, and of corrected totals when supplied by boards outside of the council's control. Over \$1,851,611 of the vote in uncontrollable being for debt, education and policing, the last two named being handled by separate boards distinct from the council.

The council ratified the library vote last night, at \$29,800, the figures presented by the Board of Library Commissioners. The library was giving excellent service and the staff was much underpaid in relation to what was general on the continent, stated Alderman William Marchant. Receipts from outside sources for library purposes this year will total approximately \$4,500, he said.

## SWITCHING PLAN STRIKES SNAG AT CITY HALL

Chamber of Commerce Directors Urge Council's Endorsement of Plan

The city engineer, F. M. Preston, and the industrial committee of the City Council stand in the way of the inter-switching facilities here, according to a report from Robert W. Mayhew at the meeting of the Chamber of Commerce directors held to-day.

The Board of Railway Commissioners had given favorable consideration to Victoria's request for these rail facilities, Mr. Mayhew pointed out and were prepared, he believed, to order their construction. But since the Canadian Pacific Railway's legal representative had pointed out to the board that the city council had not given its approval to the move, the commission's hands were tied.

WAIT APPROVAL

"As soon as the city is ready to endorse the plan submitted," Mr. Mayhew declared, "the inter-switching facilities will be given to Victoria."

"The switches would be built on Johnstone Street's western end on a level grade crossing, according to the present plans, and Mr. Mayhew stated that he believed the city had some alternative plan it wished to suggest. It opposed the present suggestion, he believed, because of the fact that it might require a grade widening to supervise traffic and guard against accident."

The directors discussed the matter at some length. While the council had referred the matter to the city engineer and industrial committee, it was decided that all the Chambers influence should be brought to bear to bring satisfactory results from the City Hall.

NEW OFFICERS ELECTED

Halifax, March 23.—Collaboration by the three Maritime Provinces in the establishment in London of a suitable office building for the representatives of these provinces in the near future, according to a statement made in the Legislature of Nova Scotia by Premier Rhodes.

## BRAZIL PLEDGES CO-OPERATION TO WORLD LEAGUE

Geneva, March 23.—Brazil to-day informed the League of Nations that despite its withdrawal it would continue to co-operate in the work of the League. Brazil's reply was in response to the request for the League Council that Brazil and Spain reconsider their decisions to withdraw. Spain yesterday announced her return.

## BUILDINGS TO BE CLOSED FOR EASTER HOLIDAY

All Government offices in British Columbia will close on Thursday, April 5, and remain closed until Tuesday, April 10, under an order-in-council passed here. This declares the offices closed on Saturday, April 7, when ordinarily they would be open half a day, while Good Friday and Easter Monday are statutory holidays.

## GIVEN HONOR IN CALIFORNIA

Berkeley, Calif., March 23.—The honorary degree of LL.D. was conferred to-day on Hon. Vincent Massey, Canadian Minister to the United States, by the University of California at the sixtieth anniversary of the founding of the institution, at which Mr. Massey delivered the charter day address.

## SINKING FUND PLAN MOOTED FOR CITY LOAN

Pooling on Technical School By-law Will Take Place at Market Building April 5

A thirty-year loan at 4.5 per cent, to be repaid at maturity by sinking funds, is proposed in the draft of the district Technical School by-law, which is now being advertised by the city at the request of the City School Board.

A serial loan was at first considered, but the sinking fund plan was decided on by the council when the subject was under review. Ratepayers of the city who are qualified to vote on money issues will be asked to ballot on the by-law on April 5.

For the purpose of the plebiscite polling quarters will be arranged in the City Market Building, Commercial Street, where the poll will be opened at 8 a.m. on April 5 to close at 8 p.m. M. F. Hunter, city clerk, will be in charge of the work.

The by-law seeks ratification of a loan in the sum of \$150,000 to net \$145,000 for the city's share of the district technical school. The carrying cost of the loan would be \$2,675 in sinking funds and \$6,750 in interest yearly, or \$9,425 per annum. This is approximately the equivalent of \$1 per capita of the ratepaying population. Towards the cost of the \$250,000 institution a Provincial grant of \$100,000 would be made available, it is stated.

## NEW RUSSIAN ARMS SCHEME

Soviet Prepares Second Disarmament Plan For Conference at Geneva

Geneva, March 23.—Maxim Litvinoff, head of the Soviet delegation at the Preparatory Disarmament Conference, whose complete disarmament project has met with heavy fire, announced to-day his delegation would present a new disarmament proposal.

M. Litvinoff said the new proposal would be ready this evening or tomorrow.

Geneva, March 23.—The Soviet project for complete disarmament was (Continued on page 10)

## HICCOUGHING IS CAUSE OF DEATH

Los Angeles, March 23.—After four days of hicoughing, A. M. Chanslor, a railway employee, died last night in a hospital here. Chanslor began hicoughing Monday morning and after all efforts to stop the trouble had proved futile, he was taken to the hospital.

Physicians said the hicoughing was a result of a highly nervous condition and other factors brought about by several months illness.

## FIVE MEN ARE TO FACE TRIAL

Calgary, March 23.—John W. Lange of Vancouver, W. G. Sturton, Vancouver, and Harold O'Reilly, Calgary salesman, were committed this morning by Magistrate Sanderson for trial. Bail of \$5,000 each was placed for Sturton and O'Reilly and \$3,000 for Lange.

The three men are charged with conspiracy to defraud shareholders of the Vitamin Cereal Company and during the preliminary hearing trial witnesses were called to give evidence for the prosecution. The accused did not put in a defence.

Previously, E. T. Machet of Vancouver and R. L. Zien had been remanded for trial on charge of conspiracy to defraud in connection with the stock of the Vitamin Company.

## STUDENTS IN LONDON, ONT., PLAN STRIKE

Pupils of Collegiate Institute Demand Reinstatement of Two Teachers

Principal Reminds Them of Important Examinations Next Week

London, Ont., March 23.—Failure of the London Board of Education to deal definitely with appeals for the reinstatement of C. K. Bluet and E. O. Lieber as requested yesterday by students, teachers and private citizens, has increased the respect of a student strike at the Central Collegiate Institute of this city.

An earnest appeal was made this morning to the students by Principal Miller, Mr. Bluet and Mr. Lieber not to strike, at least until such time as the board had given an answer. Believing the board only postponed action with the express purpose of upsetting their hitherto arranged plans for a strike next Monday morning, the students are standing firm by their latest statement that they will walk out Monday in any case. A strike seems inevitable.

Principal Miller, at the regular auditorium exercises this morning, expressed admiration for the way the students had thus far "held their heads."

Reminding them of next week's important Easter examinations and predicting a strike would fail, Mr. Miller urged the students against such drastic action.

## FOREIGNERS ARE BOYCOTTED NOW AT AMOY, CHINA

Labor Unions Leading Movement Chiefly Against Japanese Goods

Amoy, China, March 23.—An anti-foreign commercial boycott against all nationalities, but especially against the Japanese, has been launched here by the Chinese labor unions. The step was taken in protest against the Japanese consular police, who on March 3 arrested four alleged Korean communists for plotting against the Japanese authorities in Korea.

All business is paralyzed and Chinese pickets are patrolling the waterfront, preventing movement of ships. The Chinese naval authorities attempted to bring foreigners from Kulungan Island, a nearby point, to the mainland, by using naval launches, but were prevented by the pickets.

## ELEVATOR IS GIVING WORK

With concrete pouring well under way, fast progress is being made by day and night shifts on the grain elevator of the Panama Pacific Grain Terminals Limited at Ogden Point. The contract is absorbing a growing number of employees daily. Some thirty-six men were supplied to the work this week through the Employment Service of Canada, it is stated, and upwards of 100 more will be required in the near future. Able-bodied men are required for the class of work being done.

## LITTLE JOE

IT TAKES MORE THAN A STRETCH OF THE IMAGINATION TO MAKE YOU BROAD-MANDED.

Winnipeg, March 23.—With the land reported in exceptionally good condition, seeding and ploughing have been started in several districts of Manitoba and Saskatchewan and preparations for active work on the land are well under way in many other sections of the prairies.

Winnipeg, March 23.—Spring and Fall are meeting on the Prairies when farmers hauling last year's wheat to elevators pass their neighbors breaking ground for this year's sowing. Reports

# Canadian-U.S. Waterways Board To Be Reorganized Says Report From Ottawa

## MAY CEASE TO BE MEMBER OF WATER BOARD

SIR WILLIAM H. HEARST

Wilson Flies From Spokane To Victoria Over Cascades In Lindbergh Motor Plane

In a plane powered by a nine-cylinder Wright Whirlwind motor of 230 horse power, an exact duplicate of the motor in which Lindbergh made his flight across the Atlantic Ocean, Sam J. Wilson, mining millionaire of Spokane and one of the moguls of Interior B.C. and Coeur d'Alene mines, reached Victoria at 1 o'clock this afternoon.

With his pilot, W. B. Manner, Mr. Wilson made the 350-mile trip from Spokane since breakfast, arriving here in time for lunch at the Empress Hotel. Their exact leaving time at Spokane was 4:30 o'clock. The plane dove into sight here about 12:40 o'clock, and flew over the city for fifteen minutes before coming down on the airport landing field of the B.C. Airways on Lansdowne Road.

(Continued on page 10)

## DRY FORCES TO AID CANDIDATES

Will Support Those Favoring Prohibition Irrespective of Party

At a full meeting of the executive committee of the local Prohibition Association, held on Thursday evening in the parlors of the Metropolitan Church, over which Thomas Humphries presided, consideration was given to the advisability of placing candidates in the field for the next Provincial election.

From the discussion it was evident there was a marked difference of opinion on the question. Some favored approaching both political parties in the hope of having men favorable to prohibition placed in nomination. Others felt that if the temperance forces in the city could unite irrespective of party affiliations at least two members could be elected.

It was finally agreed to pledge the support of the league to candidates of any party favorable to a prohibitory law.

Individual members expressed the opinion they would like to see the president of the local association a candidate in the next election.

It was also stated that another prominent man in the city, who is known to be a staunch prohibitionist, has virtually decided to become a candidate.

Winnipeg, March 23.—With the land reported in exceptionally good condition, seeding and ploughing have been started in several districts of Manitoba and Saskatchewan and preparations for active work on the land are well under way in many other sections of the prairies.

Winnipeg, March 23.—Spring and Fall are meeting on the Prairies when farmers hauling last year's wheat to elevators pass their neighbors breaking ground for this year's sowing. Reports

## Rumor States Sir William Hearst and H. A. Powell Will Leave Canadian Section of International Joint Commission, Which Decides All Questions Involving the Boundary Waters Between This Country and the United States

## PLAN FAIR FOR APRIL

Home Products Exhibition Heads Expect Keen Interest in Show Next Month

The eleventh annual Victoria Home Products Fair will be held April 23-28, inclusive, according to an announcement to-day by George I. Warren, exhibition manager.

"We expect that all local industries will take a keen interest in the Home Products Fair," said Mr. Warren, "particularly in view of the programme of industrial development undertaken by the City Council, the Chamber of Commerce and other organizations."

PENDRAY CHIEF

Herbert J. Pendray has been named chairman of a committee from the industrial group of the Chamber of Commerce to take charge of details of the Fair. The whole thing is being held under the auspices of the group.

One of the features of the exhibition will be the display of old fashioned quilts and mats, organized by the Women's Institute Branch of the Provincial Department of Agriculture.

This will include specimens of Chinook rugs of different designs and colors, made of wool or rag.

The purpose of the exhibit is to show what can be done in the realm of women's work in quilts and rug making. There will be a demonstration in this connection.

All island points are asked to contribute old-fashioned quilts for this display, the object being to widen the scope of the exhibit.

## EXECUTION IN QUEBEC TO-DAY

George C. McDonald Put to Death; Young Wife Goes to Prison For Life

Valleyfield, Que., March 23.—George C. McDonald was executed at the Valleyfield jail early this morning for the murder of Adelaide Bouchard, Lachine taxi driver, last July 17.

To witness the hanging, the hoisting of the flag shortly before 6 a.m. was the first official indication the sentence had been carried out.

POWERS OBJECTED

A little body of press representatives waited from midnight until 6 a.m. outside the walls. They were driven away once by provincial police armed with rifles, but came back, and at 5:37 a.m. they heard a prayer said by the attending priest, Rev. Father Vercheval, chaplain of the Bouchard jail. The execution was carried out by Hangman Ellis.

After the execution a statement was issued by the prison officials. McDonald went to his death quietly and bravely.

(Continued on page 10)

## Death of Trapper Is Presumed By Court

Vancouver, March 23.—Death of Frank Smith in Northern British Columbia three years ago was presumed in the Supreme Court here to-day by Mr. Justice Morton on the application of D. N. Hosie.

Smith, thirty-five-year-old Englishman, was last seen in May, 1925, when he left his trapping partner, Edward Moore, in the Takla Lake and Bear Lake country to search for food.

From Saskatchewan and Alberta show the land in fast coming into condition, the Agricultural Department of the Canadian Pacific Railway here having received news that harrowing and breaking had started March 21, at Vauxhall, Alberta.

In the Maple Creek District of Saskatchewan Spring rye is being drilled on stubble, with discing on stubble general. A small percentage of ploughing is going on, but with continued fine weather it will be general next week.

## PLAN FAIR FOR APRIL

Herbert J. Pendray has been named chairman of a committee from the industrial group of the Chamber of Commerce to take charge of details of the Fair. The whole thing is being held under the auspices of the group.

One of the features of the exhibition will be the display of old fashioned quilts and mats, organized by the Women's Institute Branch of the Provincial Department of Agriculture.

This will include specimens of Chinook rugs of different designs and colors, made of wool or rag.

The purpose of the exhibit is to show what can be done in the realm of women's work in quilts and rug making. There will be a demonstration in this connection.

All island points are asked to contribute old-fashioned quilts for this display, the object being to widen the scope of the exhibit.

## STRIKE OF DAY AT UNIVERSITY COMES TO END

Students of Queen's, Kingston, Ont., Return to Their Classes

Kingston, Ont., March 23.—Queen's students' strike, which went into effect at noon yesterday, came to an end at 11 o'clock this forenoon when at a big mass meeting the students decided to return to their classes this afternoon. In the meantime, the three suspended students, over whom the strike resulted, will be reinstated next Monday, that being the date set by the senate of the university.

The strike came to an end after R. O. Sweeney of Montreal, president of the Queen's Alumni Association, had addressed the students and appealed to them. He gave them an assurance he would take the responsibility of doing all he could to try to have the striking students given credit for attendance during the time they had been on strike, if they would return to their classes this afternoon, and also said he would see the senate regarding the appointment of a joint committee of students and the senate to handle, in the future, such cases as those of the three suspended students.

CONFROMISE PLAN

Mr. Sweeney told the students he was in sympathy with them in their stand but appealed to them to take a sane view of the matter and to compromise.

Less than two weeks ago a college frolic was held and three senior medical students arranged a dance to follow. At 7 o'clock in the evening they were notified by the senate they must not hold the dance. Accordingly the dance was turned over to a private individual. Later the senate suspended the three students who attended the dance.

## 500 CROWN COLONY WOMEN ALREADY IN CLUB'S NEW BOOK

Competition For Cover Design of Women's Canadian Club Book Planned

Nearly five hundred names of pioneer women have now been gathered together for the purpose of including them in the book, "Colonial Ladies of Vancouver Island," which the Women's Canadian Club is sponsoring. The book will make its appearance some time during next Autumn, and it is the earnest wish of the club that none of the names of the women who came to Vancouver Island during the period between 1843 and 1868 shall be left out.

## TWO FREED OF LIQUOR CHARGES

Seattle, March 23.—Alfred M. Hubbard and Richard L. Bryant, suspended as prohibition agents on orders from Washington, D.C., six months ago, were exonerated yesterday of charges of corruption by a special federal grand jury here.

Half an hour before the jury returned no true bills against the pair, N. J. Morrison, special assistant attorney-general, sent here from Washington to conduct the inquiry, abruptly left the jury room.

William M. Whitney, legal adviser to the Pacific Northwest prohibition forces, said he would immediately recommend the reinstatement of the two men, Whitney and Roy Lyle, district administrator, both of whom had been staunch supporters of the suspended men, were called in by the jurors during their inquiry.

Returning of no true bills against Bryant and Hubbard, and five open indictments, one against each of the defendants, the Zev case and the Boyd case were convicted.

## Church Inquiry Held in Dublin

Dublin, March 23.—For the first time in sixty years the church of the General Synod of the Protestant Church in Ireland was called on yesterday to decide a case involving alleged breaches of its canon.

Over his protestations of innocence, Rev. William C. Simpson, rector of St. Bartholomew's Church, Dublin, was found guilty of ritualistic practices. The tribunal decided to give him a strict admonition and ordered him to pay the cost of an inquiry.

## Basketball Has Big Year in Vancouver

Vancouver, B.C., March 23.—Basketball in Vancouver and district had the best season in its history this winter. That was the report of George Winter, secretary of the Vancouver and District Basketball League, at the final meeting of the league executive in New Westminster last night. According to the secretary's detailed report, each city team will receive \$93.82 as their share of the winter's operations, while the Westminster team, who looked after their own gate receipts, will get \$66.89. The big gates of the season came in the play-offs, over \$1,200 being taken in at these games.

## CONSULTING GEOLOGIST

REGINALD E. HORE, B.Sc.

Reginald E. Hore, B.Sc., has been appointed Consulting Geologist to the Department of Natural Resources of the Canadian National Railways. Mr. Hore is presently located at Toronto. In conjunction with the Department of Colonization and Agriculture, of which Dr. W. J. Black is Director, the National System maintains an active and extensive Department of Natural Resources of which C. Price-Green is Commissioner. This department can furnish accurate information regarding all resources and is particularly well informed regarding mineral areas. Many inquiries are directed to the office and the staff have been enabled to direct prospectors and investors towards many excellent fields.

## COUNCIL CUTS TWO MILLS OFF

(Continued from page 1)

The council lopped \$2,500 from street lighting, after a conference with Mathew Hutchinson, city electrician.

Under sewerage votes of \$3,900 was cut from sewer and surface drain construction, \$5,000 from extension of the surface drain in Pemberton Meadows, \$1,000 asked for a new truck, and \$8,000 asked for a new gasoline roller.

An item of \$3,512 shown for maintenance at Elk Lake farm and park was cut by \$1,512, remaining at \$1,000.

In the waterworks branch new mains estimated to cost \$6,200 were cut to \$2,000 for the work that will be done this year. Waterworks depreciation in the Sooke system, at \$19,000, was sliced to \$10,000, while a contingent fund for the same system dropped from \$3,000 to \$1,500. Waterworks plant equipment, at \$6,210, was cut to \$4,880. An item of \$1,900 was added to the estimates for the purchase of flowline titles, and \$260 for wiring in the Pandora Street shops. The sum of \$1,900 asked for a rough topographical and timber survey of the Sooke watershed was tabled after disagreement in council had given no solution to the question.

Fixed charges of \$66,633 for the Goldstream system were voted. A Venturi meter asked for Japan Gulch to measure water going into distribution mains was vetoed, and its cost, \$4,000, extracted from the estimates.

The extension of a replacement ten-inch main to serve Equilux near the dockyard was cut from \$6,500 asked to \$4,500 voted for the purpose this year. General extensions at \$3,000 were ratified at \$2,000. New meters, at \$5,000, passed at \$1,000, and some other and smaller votes were cut in proportion.

A move to reconsider improving the frequency of garbage collection, introduced by Alderman P. B. Brown, was defeated, and a ten-day basis of collection throughout the year was ratified, under protest by several members of the council and the City Engineer.

## BREAKS HUNGER STRIKE WITH A LARGE REPAST

Mrs. Smith

Now, it makes no difference whether you are young or old, rich or poor, man or woman, or how long you have suffered, if you are afflicted with stomach, liver, kidney or bowel ailments, headaches, dizzy spells, catarrhal affections, constipation, indigestion, gas or sour stomach, loss of appetite, nervousness, unsteady sleep, rheumatic pains and weak, tired, worn-out feeling, this "Husky" stands ready to help and will not fail you.

One of the many cases that bring out the fine work being accomplished by "Husky" is related in the following statement made by Mrs. W. Smith, 611 Eleventh Avenue, West Calgary. She says:

"My health had been in a general run-down condition for a long time. I suffered from stomach trouble, constipation and rheumatic pains. Catarrhal affections added to my misery. I had hardly any appetite and the little I did eat caused me to suffer bad after effects. I was in a weak and run-down condition in general.

"I began taking 'Husky' when I heard of the fine work it was doing and I am mighty happy that I did. Thanks to this medicine, my health has improved wonderfully. The stomach trouble has been relieved and I can now eat heartily and not suffer bad after effects. The constipation has been relieved and I no longer suffer from those awful rheumatic pains that formerly afflicted me. The catarrhal trouble has also been relieved."

If you don't feel well, go to-day to MacFarlane's or any other well stocked drug store and get a bottle of

## MANUFACTURING STONE FOR NEW CATHEDRAL

The cast stone used for "dressing" in the construction of Christ Church Cathedral is manufactured on the site by the Cannos Stone Company, a local company. The same kind of stone was used in the construction of the C.P.R. marine terminal on Belleville Street. The general walling of the Cathedral is Newcastle Island stone brought to Victoria in the rough and cut here. The above picture shows Cannos Company workers engaged in moulding the "dressing" stone.

gineer. An eight-day collection for the four months of the cold weather, and ten-day periods for the remainder of the year had been suggested by the engineer, but lost on a split vote of the council.

## Consul's Ruling Affects Women Going to China

Toronto, Ont., March 23.—The ruling of the Canadian consul at Shanghai

that only one woman may accompany each denominational body into Western China has resulted in the proposed return of the wives and families of several missionaries, who intended to proceed to the West China United Church mission.

Mrs. J. G. Endicott, whose husband is the son of Dr. Jas. Endicott, moderator of the United Church in Canada, will return to St. Thomas, Ontario, with her two children. The Rev. J. G. Endicott will proceed into West China. Mrs. E. Cunningham, wife of Dr. Cunningham, will be the sole woman allowed to accompany the United Church party. The wife of Bishop Moule will be the only woman to accompany the Anglican missionaries.

## AT FRASER VIEW MANOR

At British Columbia's new poultry centre—Fraser View Manor, on the Pacific Highway—there is the largest brooder house in Canada—900 feet long, with 45 stoves keeping 50,000 baby chicks warm. Naturally, after tests, Canmore Briquettes were selected as fuel, for their low cost, cleanliness and freedom from trouble.

## COMES TO FARM BUT TAKES OTHERS' JOBS

Toronto, March 23.—How outside labor is brought in to Toronto while literally thousands of men, many of them bearing wounds suffered for Canada, and women, are walking the streets looking for work is shown in the following, according to The Toronto Telegram:

"An immigrant walked into the Union Station, off the C.N.R. train of immigrants from Halifax. He was a bricklayer, he stated.

"He had just come out from England under the farmer immigrant scheme, which enabled him to get across for about \$16, after telling the authorities in England and Canada he was a farmer. To make the \$16 fare possible, the English and Canadian Governments make grants yearly.

NOT THE FIRST THING

"When he got to Toronto he told the authorities that he didn't know the first thing about farming. They immediately got in touch with brick manufacturing firms and secured him the offer of two jobs within twenty-four hours.

"At the same time in the Bricklayers' Union many men are out of work who are bona-fide residents of many years' standing."

## Senator Ferris, Michigan, Dies

Washington, March 23.—Senator W. R. Ferris of Michigan died here this morning from an attack of pneumonia. The seventy-five-year-old veteran of Michigan political battles died after a little more than a week's illness, which began with a heavy cold he could not shake off.

Senator Ferris was known as the "Good Gray Governor" of Michigan and the man who broke through the state's normal Republican majority of 500,000 votes to be elected to the United States in 1922 as a Democrat, something that had not been done for seventy years.

## DELEGATES NAMED

Delhi, India, March 23.—Keen interest has been shown here in the invitation of Canada to send four delegates from the Indian branch of the Empire Parliamentary Association to the association's meeting at Quebec in August. Following are the four elected as delegates, out of thirteen candidates: Chaman Lal, Swarajist (Home Rule) Trade Unionist; Pandit Motilal Nehru, Swarajist leader; Govraml, Swarajist; Sir Darcy Lindsay, member of the Indian Legislative Assembly since 1921 leader of the unofficial European group. Sir Darcy Lindsay was a member of the Indian delegation of the Empire Parliamentary Association's meeting in Australia last year.

## DARING RESCUE BY 'SUB' RECALLED

Toronto, March 23.—Typical of luck and pluck is the story of a whaler's crew, abandoned by their ship while rescuing the survivors of a sunken German destroyer, with the destroyer flotilla to which they belonged hopelessly outclassed by German reinforcements and unable to rescue them. With five German seamen aboard the six men forming the whaler's crew saw all hope of rescue leaving them.

Then, with a swirl of displaced waters, but a boat length from them, the conning tower of a submarine—of the "E" class—broke the surface. Hastily the boat crew, not forgetting the prisoners, were transferred to the underwater craft. She dived, and they were taken to safety.

All this happened on August 26, 1914, when the war had been in progress less than a month, and submarines were still an unknown quantity in sea warfare. The account of this epic of the Great War is given by Charles Wyllie, of 105 Waverly Road, Toronto, a leading seaman, gunner third class,

who participated in the first raid on Heligoland, during which it happened. "It was just after we had sunk a German destroyer with practically all hands—there were only fifteen saved—and three of our boats had lowered their whalers to rescue these, that we were attacked by two Zeppelins," he said. "At the same time three German light cruisers were in sight, and we realized we were in for it."

"My boat, the Forrester, had lowered her whaler, as had the Ferret and the Defender. We didn't waste much time getting the men aboard, the Ferret followed suit. The Defender's boat's crew, however, were quite a distance from their boat, and she had to leave them.

NECESSARY SACRIFICE

"They understood it was necessary, you know; there wasn't one of them would have risked the safety of their ship and some ninety odd shipmates on the chance of being picked up then, and they knew that all that could have been done to save them was done. It was just a question of the game is more than the player of the game, and the ship is more than the crew."

which had been chased by their own ships, and which was now returning for a little revenge. To the east of them lay the German shore, some twenty miles away. There was safety, perhaps, there, but they didn't want safety in a German prison camp.

ALL IN DAY'S WORK

"There was no hope, apparently, but they hung on and waited. Then the 'sub' popped up. A bunch of them had preceded us into the light before we made the raid, in fact we always had some of them over there. And risky work it was, too.

"All the same, there was some surprise for the boys when they were rescued. And some disappointment for their prisoners—they didn't leave them behind. When things had calmed down a bit, the submarine transhipped them to a destroyer. Eleven extra men aboard had made things pretty funny for them, although they treated it as a bit of the day's work."

## AGED GENERAL DIES

New York, March 23.—General George Wood Wingate, a retired officer of the United States army, died here yesterday at the age of eighty-seven.

## MOVIE BILL IN QUEBEC

Quebec, March 23.—United States films shown in this province were roundly condemned in the Quebec Legislative Assembly yesterday when Premier Taschereau's bill providing that children under sixteen years may not attend the movies, whether accompanied or not, was under discussion. The Premier inserted an amendment to permit school authorities to give moving picture shows for their pupils. The vote for passage of the bill was 57 to 5. It was not a party vote, the opponents being all Liberals.

## ANNOUNCEMENTS

Women! The Standard Steam Laundry (phone 1017) has just installed the best and most up-to-date curtain cleaner obtainable. No hooks, used, no pins, no pulling out of shape. Your curtains are measured when they come to us and are returned the same size as received. Have your curtains look better than they ever did before. The most expensive curtains are safe in our hands. Charges most reasonable. Phone 1017 and we will call—Do it now.

## LET OTTAWA HAVE THEM

IT IS GRATIFYING TO LEARN THAT the provincial Government is considering the transfer of Mount Robson and Mount Assiniboine Parks to the Dominion to become part of the splendid national parks system which is administered from Ottawa. These two areas would be incorporated in the Dominion parks they adjoin and would be developed as such. There are several other provincial districts contiguous to national parks which also should be transferred to the Dominion Government for this purpose, and from the development of which the Province would gain very materially.

Our information is that the areas the Dominion wants to round off its parks system in this Province and along the Alberta boundary total about one thousand square miles. In view of the fact that British Columbia is about to receive from the Dominion some 23,000 square miles of railway lands and the Peace River block—to which it has no legal right—we can well afford to turn over these limited areas for park purposes.

But apart from this latter consideration it would be good business for the Province to co-operate with the Dominion in the development of national parks in British Columbia. The Federal Government has a fine parks administration service and ample resources to cover the cost of development. Indeed, it would be good policy for the Province, which lacks the organization and resources for developing parks on an ambitious scale, to turn all of its parks over to the Dominion. The Times believes the Federal authorities would be glad to accept this responsibility and it would make these areas famous all over the world. Perhaps this will be one of the conditions on which the Dominion will transfer the railway belt and the Peace River block to the Province. If it is, the people of British Columbia certainly will not object.

## MR. MOORE'S VENTURE

IF THE YORKSHIRE POST HAS ANY regrets that Mr. John Moore is packing up his machinery for erection in Victoria it did not give expression to them in the Canadian Press cable published in The Times last night. Here are the well-known journal's comments:

"There were dismal pictures of the Canadian woolen industry presented to the Tariff Board at Ottawa when the manufacturers asked for further protection. One need only refer to the balance sheets of several Canadian manufacturers to see their exceedingly healthy condition. The new business for Victoria is being treated in an exceedingly generous spirit by that municipality. Among the common advantages to British manufacturers starting in Canada are: ridiculously low taxation when compared with the taxation in Great Britain; electricity, a comparatively cheap form of industrial power; and Canada's enjoyment of an enviable freedom from industrial disputes."

The Yorkshire Post is a very influential Old Country journal and speaks authoritatively for the woolen industry of the northern county. It has performed a service to Canada in general and to Victoria in particular by referring in such complimentary terms to the manner in which this city is treating Mr. Moore, and in its allusion to the many advantages which the Dominion offers to British manufacturers establishing plants here.

It may be that Mr. Moore's venture will be the forerunner of similar undertakings by Old Country industrialists as they begin to realize that in the not distant future the Pacific Coast will be the outstanding pivotal point in the world's trade and commerce—with the Pacific Ocean gradually assuming the place which the Atlantic for years has occupied.

It stands to reason if British goods are to dominate in the Oriental market, there will have to be a greater joint effort on the part of our own and Old Country manufacturers. Our neighbor to the south of the line is wide awake to these opportunities.

## THE LONG-LIVED BULGAR

ACCORDING TO THE TORONTO STAR, Canada, while a healthy country, cannot compete with nations in the near and far East as a producer of centenarians and centenarians. At the last census six Canadians out of every 10,000 had reached ninety years or more. The corresponding figure for Japan was thirteen.

But the most remarkable examples of longevity, The Star says, seem to be found in the Balkans. Bulgaria with a population of about 6,000,000 claims 3,139 centenarians. In Ontario and Quebec, whose combined population was the same as that of Bulgaria, there were eighty-six centenarians at the last census. There were only 183 in the whole of Canada.

Prof. Metchnikoff attributed Bulgarian longevity to the drinking of sour milk. Dr. Kyril Popov, director of statistical research in Bulgaria, says it is not a question of diet, but of "freedom from worry and placidity of disposition."

Dr. Popov, being a Bulgarian, ought to know more about the cause of the longevity of his country-

men than any outsider. Beyond doubt worry, fear and anxiety kill more people than anything else; in fact they lay the foundation for more human ailments than any other agency. The Bulgarians, like the long-lived inhabitants in the mountains of some of the southern States, live under primitive conditions compared with those of many other parts of the world. They know less, think less and talk less about health and disease than people whose lines are cast in pleasanter places. They worry less about themselves than those who live in luxurious surroundings. Their problem is to get enough to eat and to wear, and having solved this they have nothing else to worry them.

The fact that the Bulgarians are free from worry and are noted for their placidity stamps them as remarkable people. No other country, unless it is one or other of their Balkan neighbors, has had to put up with so much hardship down through the centuries. Persecuted by the Turks, ravaged by predatory bigger powers, almost constantly at war, it is a wonder that the Bulgarians have the "freedom from worry and the placidity of disposition" which makes them the longest-lived people in the world. Perhaps it is because they are insured to hardship that they do not worry about it when it comes. It is notorious, however, that the people who do the most worrying, who have the longest catalogue of physical ailments and have to have the most curative agencies, are those who live in the most prosperous countries, and can count the largest numbers of millionaires.

## STILL GOING STRONG

**BANK CLEARINGS IN VICTORIA FOR** the week ending at noon yesterday showed an increase of over thirty per cent, as compared with the corresponding week of a year ago. The figures were \$2,550,532 as against \$1,862,523 for the same business period in 1927.

It is now more than three years since this barometer of local economic conditions began to rise and it has been steadily going up ever since. It may not be an infallible indication of progress; but employment conditions in this community have been more satisfactory during the last few months than they have been for some years, home building has been steadily on the increase, and business generally has been buoyant. All these are reliable indications that we are forging ahead.

In view of these advances, moreover, much of it due to growing tourist travel and the coming of new residents, it is all the more necessary that Victoria keep its manifold business and other attractions before the traveling public.

## DEVELOP OUR CANADIANISM

IN HER ADDRESS TO THE MUNICIPAL Chapter, I.O.D.E., in annual session yesterday, Mrs. J. Hedden Gillespie, its regent, pointed out that one of the most important duties of the Order, "composed as we are of Canadian mothers, wives, sisters and daughters," was to influence the youth of the land for good and help "to keep our country free from Communistic influence."

Every service organization in Canada can do something worth while for Canada. The promotion of higher citizenship, to which the I.O.D.E. is pledged, is a commendable object. The better Canadians we are the better citizens we must be. If the principal efforts of our people shall be devoted to the development of a progressive Canadianism, it will not be necessary even to mention the utterly negligible Communistic influence to which Mrs. Gillespie referred.

Our people should put Canada first all the time. We are interested in what goes on in other countries. The average Canadian school boy knows much more about the Empire, for instance, than the average school boy in Great Britain. But it should be the duty of all our service organizations, no matter by what name they go, to instill in the minds of Canadian youth a pride in their country.

This Dominion should be barren soil for the seeds of Communism or any other movement sinister or inimical to the country's welfare, and it can be made so if we develop in our people a strong Canadian spirit and confidence in the future.

## WHAT OTHER PAPERS SAY

UNEMPLOYMENT AND THE TARIFF  
From The Winnipeg Free Press

In the budget debate the undoubted existence of unemployment in Canada was relied upon by opposition speakers to prove their case against the tariff. Their argument ran something like this: Canada has a low tariff. There is unemployment in Canada. The unemployment is clearly due to the low tariff. Therefore, if the tariff is increased unemployment will cease. The argument, it will be noted, limps rather badly; but it was deemed good enough for the budget debate in which there are no very exacting standards of logic or reason.

A very little examination of the problem is sufficient to make it clear that if the tariff is a factor in bringing about unemployment, it is only one of many and certainly not the determining one. Our levels of unemployment have fluctuated widely in the past six years though the tariff has remained fairly constant; and it has lessened substantially since the tariff reductions of 1924 and 1926. There is less unemployment in Canada than at any time in the last eight years. How does this square with the Ottawa arguments?

## A THOUGHT

Walk while ye have the light, lest darkness come upon you.—John xii, 35.  
Light, seeking light, doth light of light beguile; so, ere you find where light in darkness lies, your light grows dark by losing of your eyes.—Shakespeare.

## JOTS FROM GEOGRAPHY

**BACK STREETS OF VENICE** are lovely waterways, in spite of the shum thrown on either side of the canals. The houses have quaint, characteristic chimneys, and narrow walkways for the pedestrians who cannot afford the cost of gondolas. The canals are narrow, and the houses take on an airy appearance when dusk falls as the boats glide silently through the water.

## Life's Niceties Hints On Etiquette

1. What should be the guiding factor in setting a table?  
2. Should pickles, sauces, jellies and so on be placed on a table?  
3. Are individual sauce plates used now for vegetables?

**THE ANSWERS**  
1. Simplicity.  
2. No. Pass them in glass or china dishes, with spoon or fork for serving.  
3. No. Vegetables should be served on the plate with the meat.

## Bridge Me Another

By W. W. WENTWORTH

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than ten.)

1. How many quick tricks should fourth hand have to make an opening suit bid?  
2. How many quick tricks should third hand have to make an opening suit bid?

3. When should you establish a suit before drawing trumps?  
**THE ANSWERS**  
1. At least three.  
2. At least two and one-half.  
3. If you can reasonably force missing high cards without being trumped.

## The WEATHER

Daily Bulletin Published  
Special Department

Victoria, March 23—5 a.m.—The barometer remains low over this Province, and unsettled, rainy, mild weather prevails on the Pacific Slope. Abnormally high temperatures prevail on the prairies.

**Reports**  
Victoria—Barometer, 29.66; temperature, maximum yesterday, 57; minimum, 44; wind, 12 miles S.E.; rain, .05; weather, raining.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and legible. The longer an article the shorter the chance of its being published. Communications must bear the name and address of the writer, and the publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the return of communications submitted to the Editor.

## IMMIGRATION

To the Editor:—With reference to the discussion between the Honorable Robert Forke and the Anglican Church body on immigration, as suggested by Dr. Glenn Davies in his letter of March 21, it is obvious that any fairly-educated Canadian would try to learn both sides of the story, deriving therefrom that knowledge which, I feel, Dr. Davies overlooked in his talk, being mentally immersed in his biblical mission which he, so profusely, administers to religious Victorians, rather than the views of Victorians. Mr. Editor, you will kindly

March 22, 1928.

## A CORRECTION

To the Editor:—May I be permitted to make the following correction to my letter of the 20th inst. The penultimate paragraph dealing with the exemption of fifty per cent improvements should have read: "I neither advocate nor defend the fifty per cent improvement tax—although the taxes are an evil. But had it been as it is, it would have given the industrial land user some relief, and insured that the speculative owner should contribute more equitably than he would under the system of taxing all improvements."  
R. H. CHAPPELL,  
Deep Cove, March 20, 1928.

## RE CIVIC TAXATION EXEMPTION

To the Editor:—Answering J. D. Chappell of Deep Cove, in your issue of the 20th inst. permit me to say I will rest my case on my letters of the 8th and 15th inst., which you were good enough to publish, venturing to say they are irrefutable. Figures do not prevaricate. Twice two will always be four.

I will call the attention of Mr. Chappell to Page 58, City Annual Report, 1925, where he will find the assessed value of land in 1911 was \$46,516,305, and tax rate 20 mills, and in 1914 it was \$82,509, and tax rate 20 mills, in 1926 it was \$25,715,779 and tax rate 39 mills.

The total assessed value of both land and improvements in 1911 was \$69,007,985, in 1914 \$115,955,930, in 1927 was \$52,895,718, an example of political perfidy unparalleled and the original value of the adoption of the so-called single tax in 1911, when the total tax by mill levy was \$930,150.02, in 1914, \$1,789,915.39; in 1926, \$1,532,924.4.

Mr. Chappell says: "Another thing of great importance: In his elaborate calculations of tax assessments he has quite omitted to take account of the fact that under the present system of exempting fifty per cent improvements, land that is held idle, or idly, or idly used, now contributes a much larger share to the revenue than it would in the case of taxation being based on capital values, as proposed by Mr. Dean. This larger contribution from idle or idly used land, or land which is held idle, or idly used, would carry a larger tax than at present." For where is the case? Low credit for having some perpetuity. More would have been coming to him if he had continued by saying providing a much larger share to the revenue than it would in the case of taxation being based on capital values, as proposed by Mr. Dean. This larger contribution from idle or idly used land, or land which is held idle, or idly used, would carry a larger tax than at present.

Mr. Chappell says: "Another thing of great importance: In his elaborate calculations of tax assessments he has quite omitted to take account of the fact that under the present system of exempting fifty per cent improvements, land that is held idle, or idly, or idly used, now contributes a much larger share to the revenue than it would in the case of taxation being based on capital values, as proposed by Mr. Dean. This larger contribution from idle or idly used land, or land which is held idle, or idly used, would carry a larger tax than at present." For where is the case? Low credit for having some perpetuity. More would have been coming to him if he had continued by saying providing a much larger share to the revenue than it would in the case of taxation being based on capital values, as proposed by Mr. Dean. This larger contribution from idle or idly used land, or land which is held idle, or idly used, would carry a larger tax than at present.

Exemption in vogue here permits improvements of an assessed value of \$13,892,970 to escape the share of taxation. At a 28.23 mill rate, equivalent to a tax bill of \$3,923,544.84, considerably more than one-fourth of the entire assessed value, as well as over one-fourth of the entire tax levy for 1926.

JOHN DEAN.

## TOURISTS' FISH AND FLOWERS

To the Editor:—It is a great step in the right direction that Mr. Fowler, the chairman of the Industrial section of the Chamber of Commerce, has taken the question of investigating, encouraging and organizing the supply of fresh fish from our own waters. Vancouver Island has few greater attractions to our visitors than the deer of a cheap diet, and when they come here the first thing they expect is fresh fish attractively cooked and nicely served, after which they want fresh vegetables and fruit from our fertile valleys, which owing to cli-

matic conditions, we can supply of the finest quality.

B.C. imported last year over three and one-half million pounds of canned vegetables and three and one-quarter million pounds of canned fruit. Our visitors numbered last year over 500,000, most of them from interior points, where they can buy canned fish, fruit and vegetables at their own corner grocery stores, hence their desire for a change.

Vancouver Island should aim to make a name for itself in the way of fresh, well-cooked food, as we are admirably equipped to do so, and it would pay us immensely to establish a reputation in this regard.

I am informed that at the present time the great majority of fresh and shell fish used on the Island is brought in from outside; why should this be so when we have such an excellent supply in our home waters. Enterprise, energy and organization should soon change this situation.

We pride ourselves on our bulbs, flowers, shrubs, rock and alpine plants, yet we have no public exhibition of them. It should not be a costly thing to establish a good collection of them in some of our parks and vacant places if vision and energy were applied. Just think of Beacon Hill Park today with a scattered carpet through the trees of primroses, daffodils, wild violets and bluebells; the cash expenditure and energy to bring this result would be in no comparison with the wonderful show that could be made and the splendid talking point among our early season visitors, and should prove even more attractive than the much-talked-of "Little White Bear." Public interest is being aroused along such practical lines of progress, and it only needs encouragement, publicity and organization of some public body, such as Mr. Fowler's committee, to accomplish a great deal at little or no cost.

PUT VICTORIA ON THE MAP.  
Victoria, March 21, 1928.

Ottawa, March 23—Favorable consideration by Canada of any proposal from Newfoundland for union with the Dominion was urged in the Senate yesterday when the House debated a resolution offered by Senator C. E. Tanner, Conservative, Nova Scotia.

Sir Allen Aylesworth, counselled caution, declaring it behooved Canada to approach the question appreciating the delicacy of the position.

Senator Rufus Pope said that if Canada was ever to have Labrador restored to the Dominion, now was the time to consider the question. Americans were scouting through Labrador and American commitments there might make it difficult in the future for Canada to get back that territory.

Senator A. B. Copp thought the time had arrived when no opportunity for discussing union should be frowned upon.

## TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, MARCH 23, 1903.

Fernie, March 23.—The strike of coal miners is practically over. The terms of the agreement have been accepted by the district union and by the local unions of Michel, Coal Creek and Morrissey, though the papers are not yet signed.

Weather Forecast—Victoria and vicinity: Light to moderate winds, chiefly north and east; continued fine and warm during the day.  
"Vancouver was a grand place to be seen on the Caledonia grounds this season, but Nanaimo did not show up as well as anticipated." Such was the general verdict at the close of the much-heralded final struggle for the senior provincial rugby championship of British Columbia, played on Saturday, which resulted in a victory for Vancouver by a score of 13 to 3.

A cycling club has been formed at Work Point Barracks by the members of the R.A. They had their first run last Wednesday.  
"An interesting report of the fisheries commissioner from British Columbia for the year 1902 has been issued from the provincial printing office. It is prepared by J. P. Babcock, who gives in the report a vast amount of valuable information upon the subject of fisheries.

The British cable steamer Iris, built especially as a tender and repair ship for the Pacific cable, is on her way to Esquimalt.

The Princess May sails for Skagway from Vancouver to-morrow night, and will carry some half a dozen passengers from Victoria.  
D.G. Quinlan leaves to-day on a cruise down the coast. Calls will be made at Carmanah and Cape Beale stations, and the ship will then proceed to Leonard Island on business in connection with the clearing of a site at that point for a new lighthouse.

NEW ZEALAND

## Cumberland

Cumberland, March 23.—The ladies' gym class met on Monday evening in the Anglican Hall. There was a good

attendance, and several new members welcomed. H. Jackson is in charge, and has arranged a comprehensive series of exercises.

A number of badminton enthusiasts visited Comox Monday evening, and

enjoyed some very good games, with the Comox Club, which from the scores, must have been very even and very keenly contested. Cumberland won eleven games to the Comox players' ten, but Comox led in points, having 240 against Cumberland's 231. Refreshments were served about 10 o'clock, and play continued for some time afterward. Those who motored over from Cumberland included Mr. and Mrs. J. Ledingham, Mr. and Mrs. I. Finch, Mr. and Mrs. Appa, J. Richardson, Norman Robinson, Hector Trean, Miss Carrie Richardson, Miss Katie Richardson, T. Mumford, W. Symons, H. Bryan and Miss Christine McKinnon.

Little Miss Dorothy Hill celebrated her fifth birthday on Monday afternoon at her home on Second Street with a jolly party. Pink was the prevailing note of color in the decorations, pink streamers radiating from the light above the centre of the table to each place, at which there were dainty little novelty baskets of candies as souvenirs. Some fifteen children sat down to the delicious supper provided by Mrs. Hill, and did full justice to all the good things, culminating in birthday cake, and pink ice cream, so dear to the heart of childhood. The handsome cake, which occupied the place of honor in the centre of the table was the gift of Mrs. Herd. After tea, games and contests were enjoyed, the singing contest being won by Lillian Saunders and Betty Brown. Dorothy received many beautiful gifts from her little friends. In the evening, following the children's party, Mrs. Hill entertained the ladies who had assisted her, and a few friends, some fifteen being present. The little guests included Marguerite Herd, Betty Brown, Lillian and Gladys Saunders, Ray and Ronald, Spooner, Malcolm Stewart, Kenneth and Clio Gibson, Frank, Bobbie and Eddie Weir, Owen and Jean Marshall, Dillys William and Leslie and Audrie Lewis.

The W.A. of Holy Trinity Church held a very successful home cooking stall on Saturday, which netted over \$30.

Keen interest was shown in the fishing contest held in Puntledge River on Sunday, March 18, under the auspices of the Cumberland Rod and Gun Club. About twenty enthusiastic disciples of Isaac Walton turned out, and some very fine catches were the result. The first prize, a fishing basket, went to J. Hannay, for the largest steel-head; the second, a reel, was won by W. Williams for the heaviest basket of fish, and the booby prize, a tackle box, was won by Matt Stewart for the smallest steel-head. The basket was donated by C. Spooner, the reel by Tarbell & Son, and the tackle box by Makinich's hardware store.

Cumberland moved up into the semi-finals for the Thompson Cup when the local High School basketball team defeated Nanaimo 29-18 in that city Saturday.

The Ladies of the Altar Society of the Catholic Church held a very successful tea at the home of Mrs. K. Marochi Monday evening. There was a large attendance and Mrs. Dallos was successful in winning the handsome abricot cloth raffle. Those present included: Mrs. Peronini, Mrs. R. Marochi, Mrs. Cavellero, Mrs. Cassano, Mrs. Dallos, Mrs. Duca, Mrs. Marelli, Mrs. J. Scavarda, Mrs. L. Scavarda, Mrs. A. Bono, Mrs. Bartoldi, Mrs. Conti, Mrs. J. Smith, Mrs. J. Bond, Mrs. Newman, Mrs. Raga, Miss J. Peronini, Miss L. Bogo, Mrs. E. Duca, Mrs. J. Bono, and Miss K. Bartoldi.

Mr. Clifford Sketch of Ladysmith was a visitor to Cumberland during the week.

### NEW POLICE CHIEF

Toronto, March 23.—Brisford-General D. O. Draper, O.M.C., D.S.O., of Montreal, was appointed chief of police of Toronto by the Board of Police Commissioners yesterday afternoon. He commanded the Fifth Canadian Machine Gun Brigade in France during the World War and is at present engaged with the International Paper Company. The new chief is fifty-four years of age.

## MARINE BIOLOGY THEME OF ADDRESS

Dr. W. Clemens Gave Interesting Lecture Before Naturalists at Duncan

(Special to The Times)

Duncan, March 22.—At the regular monthly meeting of the Cowichan Field Naturalist Society Tuesday evening, Dr. W. Clemens, superintendent of the Marine Biological Station at Nanaimo, gave a most interesting lecture on "Marine Biology."

He told of the different plant and animal life in the two tidal zones, the rocky and the muddy, showing how each variety had different devices which enabled them to live either on rocks or in the mud, the former having claws, shells or spines to cling to rocks and the latter burrowing deep to remain hidden, if possible, away from their enemies.

In connection with the lecture Dr. Clemens showed some most-interesting lantern slides.

A very hearty vote of thanks to the speaker was proposed by the president, C. O. Day, and heartily responded to by all present.

D. Ashby showed a specimen of a salamander which he had found on the Maple Bay Road.

H. F. Vidal was elected a member of the society.

Mr. and Mrs. E. W. Neil, Duncan, are in Victoria for a few days.

C. F. Davis, M.L.A., formally opened the Community Hall, Nixon Creek, last week, while staying at Cowichan Lake.

Mrs. and Miss Carr-Hilton were visiting in Victoria at the beginning of the week.

Mr. and Mrs. H. A. Patterson, Victoria, were in Duncan on Tuesday.

Archdeacon H. A. Collinson visited Victoria on Monday on a business mission.

H. A. Patterson, who formerly owned the Island Drug Store in Duncan, has purchased the Buena Vista Hotel, Cowichan Bay, from Mr. Saunders.

Cowichan Bay is renowned for its fishing, and is an ideal summer resort.

## Colwood

Colwood, March 21.—The Cedar Hill Badminton Club visited Colwood Hall Tuesday evening when a match was played with the Belmont Club. The individual games were very even on the whole, the match finishing, however, in favor of Cedar Hill, the score being 9-7. The following members of the Belmont Club played in the match: Mesdames Le Quene and Allen, Miss Hawkwood, Messrs. O. Whitney, Griffiths, Turner, Robinson, Hinks, the Rev. Bolton. Refreshments were served by the ladies of the Belmont Club.

The Optimists will meet Saturday evening at 7:30 p.m. in Colwood Hotel.

Inspector Stewart of the Department of Education visited Colwood School the first of the week.

An extraordinarily well-attended meeting of the Colwood Women's Institute was held Wednesday afternoon in the institute rooms. Three visitors were welcomed, one being Miss Bertha Jenkins, public health student from University of British Columbia who is receiving instruction in the field work from Miss H. G. Kelly, R.N.

Some important business was transacted amongst which being two resolutions which were approved of by the meeting. The first resolution was from the Shirley Women's Institute, to the effect that the morning and afternoon sessions of the district conference be devoted to Women's Institute business for discussion exclusively and suitable speakers be asked to address the meeting in the evening of the convention.

The second resolution from the Royal Oak Women's Institute asked that the district board be given proper legal status.

The secretary was instructed to pay the quota towards conference expenses. In response to a letter from the Regional Rural Nursing Service the meeting decided to accept the proposal as contained in the communication, that the institute serve refreshments at the forthcoming health day to be held at Colwood. The following committee was appointed: Mesdames Hopwood, Murray, Godfrey, Pierry, Parker and J. Goodall.

A letter was read from Mrs. Roswick of Hamilton, daughter of the late Mrs. Adelaide Hoodless, enclosing a clipping from the Mail and Empire. This publication appears to heartily agree with the movement started by the Colwood Women's Institute at a recent meeting to perpetuate the name of the founder of the first Women's Institute. As many branches of the Women's Institute are not aware from whence they sprang, it is felt that the time has arrived to take some definite steps to safeguard the name of their founder from oblivion.

Mrs. C. Goodall was appointed as delegate to the Island Conference of Women's Institutes, to be held at Duncan, May 15 and 16. After all business had been transacted, the president called upon Miss H. G. Kelly, R.N., public health nurse,

DIGGING OUT MACHINERY AND AUTOS—Automobiles, and even heavy machinery, were swept like chips by the torrent released by the breaking of St. Francis dam. Photo shows workmen digging machinery out of the yard of a Santa Paula home.

H. A. Patterson, who formerly owned the Island Drug Store in Duncan, has purchased the Buena Vista Hotel, Cowichan Bay, from Mr. Saunders.

Cowichan Bay is renowned for its fishing, and is an ideal summer resort.

who briefly outlined the child health movement as practiced in this district; cleanliness, sunlight, proper food, exercise and sleep are the basis of all health. Miss Kelly thanked the teachers of the district schools for the excellent manner in which they had co-operated in the working of the general child health plan. She then introduced Miss Lois Peasey, of Langford, who conducted an oral health rule class composed of the junior pupils of the Lang-

ford School, which amply demonstrated the thorough manner in which the teachings were carried out.

An excellent manner of teaching health rules was demonstrated by Miss G. Cullen, of Colwood, in a combined writing and health lesson, the health rules serving as mottoes.

A demonstration in physical drill concluded the children's performance. The hostesses for the afternoon were Mrs. Alf. Godfrey and Mrs. Tom God-

# QUICK QUAKER

frey, the table being artistically decorated with calla lilies and shamrock.

## DR. DORCHESTER TO SPEAK AT CITY TEMPLE

At the invitation of Dr. C. Klein Davies, Dr. Frank E. Dorchester, health feature writer and founder of the Dorchester Institute of Vancouver, will address the City Temple congregation at the Sunday morning service.

Taking for his theme, "The Body, Temple of the Soul," Dr. Dorchester will discuss what he terms "the crimes people commit against their own brains and bodies," the need for proper physical education of children, and the anti-social nature of disease. He will

also outline the fundamental principles of mental and physical efficiency.

A member of the National Society of Physical Education of Great Britain, Dr. Dorchester has written a number of works including "Man, Mind and Energy," "Mental-Physical Efficiency" and "Psycho-Physio-Kinesiology."

The morning service is held at 11 o'clock.

### LEADERS ELECTED

Winnipeg, March 22.—Lieut.-Colonel Ralph H. Webb of Winnipeg was selected president of the Manitoba Command of the Canadian Legion of the British Empire Service League. E. H. Spencer of Morden, Man., was elected Dominion representative.

## Waterproof Shells

IMPERIAL LONG RANGE DUOCO FINISH

SPORTSMEN around the globe will be amazed and delighted at the news that, at last, a waterproof shot shell has been perfected. This phenomenal achievement—said in gunning circles to be the greatest improvement since the development of smokeless powder—is the work of The Dominion Cartridge Company. This Company, through its association with Canadian Industries Limited, ranks with the largest producers of ammunition in the world.

Think what a real waterproof shell means! Before, duck shooters were forced to guard shells from wetting as carefully as their grandfathers guarded loose powder. Today, they may lay their shells in the bottom of the boat

or down among the reeds without care or caution. Duco Finished Imperial Long Range Shells may be subjected to moisture for hours and will then work smoothly in any gun. Atmospheric changes will not affect them.

The vast resources of Canadian Industries Limited, in grasp of world markets and buying power, and the technical knowledge gained through its affiliation with Imperial Chemical Industries Limited, Great Britain, and E. I. DuPont de Nemours & Company, of the United States, are at the disposal of the Dominion Cartridge Company.

Therefore, sportsmen using Dominion Ammunition are getting highest quality with the latest improvements known to the chemical engineer.

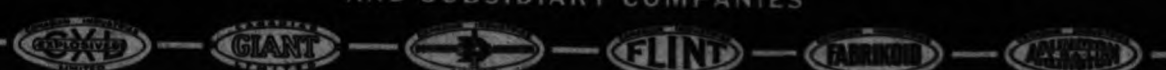

This is Number Five of a Series of advertisements published that the public may have a clearer understanding of Canadian Industries Limited and its Subsidiary Companies.

Greaseless Non-Corrosive Self-Lubricating

CANADIAN INDUSTRIES LIMITED AND SUBSIDIARY COMPANIES

MILTON  
COMES TO  
CANADA

IMAGINE an Antiseptic so mild that you could drink it safely . . . one that won't poison, burn or stain you, but will instantly kill any germ it touches . . . and you have Milton!

Milton is marvelous! Far ahead of other antiseptics. Scores of famous dental and medical authorities all over the world have tested and endorsed Milton . . . 240 leading British hospitals use it constantly. In Great Britain Milton is a household word. Nearly every family in that country knows, uses and swears by Milton.

Milton has not been in Canada before . . . but it is here now and we would like you to try it—first, as a mouth wash, because through the mouth enter the germs of nearly every sickness . . . Sore Throat, Colds, Influenza, Pneumonia and, above all, Pyorrhea. It has been conclusively proved that Milton actually does arrest and prevent Pyorrhea . . . And for thoroughly and medically cleaning false teeth, without brushing, Milton is unique.

MILTON  
THE MARVELOUS MOUTH WASH

Manufactured by MILTON PROPRIETARY LTD., 125 Bushell Row, London, Eng.

MILTON SALES Ltd., 10-18 McCaul St., Toronto, Ont. Selling Agents: Harold F. Ritchie & Company, Ltd.

Once you use Milton in your home, you'll swear by it . . . so reliable, safe and economical . . . "101" different uses. Read the interesting booklet that's packed with every bottle. You'll be amazed . . . And Milton only costs 35c, 65c or \$1. From your dealer—or direct.

Purple Star Lodge — The regular meeting of Purple Star Lodge No. 104, was held in the Orange Hall, Courtney street, Wednesday. Owing to the illness of Sister E. Munroe, W.M., Deputy Mistress Sister M. Townsend presided. There was a splendid turnout of members, also a number of visitors, including Sister White, W.M. of Harmond Lodge, Saanich, with ten of her members. Five new members were admitted to the order, and duly welcomed. Sister Skett was elected to second, and lectured, that chair falling vacant. After lodge closed a social evening was spent and refreshments served by the members.

### WANT SEPARATE ARMISTICE AND THANKSGIVING

Municipal I.O.D.E. Protests Suggested Joint Celebration on November 11

"It having come to the notice of the Municipal Chapter that the suggestion will shortly be brought up in the Federal House that Armistice Day and Thanksgiving Day be celebrated on November 11, it is moved by Mrs. Mortimer Appleby and seconded by Mrs. R. B. McKicking, that this annual meeting of Municipal Chapter, I.O.D.E., do forward a strong protest through the proper channels against any such procedure, Armistice Day being essentially a day of remembrance of the heroic dead."

This resolution was passed unanimously by the Victoria Municipal Chapter in session yesterday, and will be forwarded in due course to the National Chapter for action. The only resolution passed, one concerning a suggested change in the procedure of elections in the Chapter being withdrawn after a brief discussion.

Standing votes of sympathy were passed to the families of the late Mrs. I. W. Powell, Miss Sybil Gray, Miss Margaret Gibson and Mrs. Thomas Watson, all of whom were closely associated with the order.

MISS MACKENZIE WELCOMED  
Miss Helen Mackenzie, honorary Provincial regent, was a guest at the afternoon session, and the welcome voiced by the regent, Mrs. J. H. Gillespie, was supplemented by a course bouquet presented by Mrs. L. A. Genge. Mrs. Curtis Sampson, Provincial president, was similarly welcomed, and other guests of honor were Mrs. Peter McNaughton, president of the Women's Canadian Club; Mrs. W. Feden, Victoria Women's Institute; Mrs. Alan Morrell, Provincial Commissioner of Girl Guides; Mrs. J. A. E. Irving, in charge of the Victoria Chapter of the Municipal Chapter of Montreal; Mrs. Wolley-Dod, of Alberta Provincial Chapter; Mrs. Anderson, of the Chapter at Ocean Falls; Mrs. Albert Griffiths, past-Provincial president; Mrs. David Miller and Mrs. Gordon Smith, Provincial officers. Beautiful floral plants were presented to Mrs. Gillespie, and to Mrs. P. A. E. Irving. In appreciation of her kindness in placing headquarters at the Chapter's disposal.

SOLDIERS' GRAVES  
Mrs. Mortimer Appleby in her report as convener of the soldiers' graves committee, stated that since the work was first undertaken in 1914 to date, 123 graves have been completed in Rose Bay Cemetery, the chapters contributing \$5,347.77 for the purpose. Of this sum the Navy League Chapter led the way with a total donation of \$711. The chapters had contributed \$128 to this work, and in addition the graves had been decorated on historic anniversaries, at Easter and at Christmas, and flowers had been placed on the Cross of Sacrifice each month.

Mrs. S. F. Miles presented her report as convener of the Child Welfare committee, noting particularly the splendid work of the Dr. O. M. Jones Chapter in its regular distribution of milk to ill-nourished school children; food and clothing given by other chapters to needy families, and the Christmas hamper to families of ex-service men.

A. N. Mount for "Echoes," deplored the paucity of subscribers, only ninety-eight members out of a total membership of 500, taking the periodical. On the motion of Mrs. Boyd the National Chapter will be asked to make a uniform date for the payment of subscriptions to the magazine.

NEW CHAPTER FORMED  
Mrs. R. B. McKicking, organizing secretary, announced the formation of one new chapter, the Sir Matthew Baillie Begbie Chapter, named after the first chief justice of British Columbia, with Mrs. E. E. Wootton as regent. The report of the Distinguished Visitors' committee, of which Mrs. C. P. Hill is convener, was presented in her absence by Mrs. L. A. Genge, who reviewed the steps taken to welcome outstanding visitors to the city.

### IN LECTURE-RECITAL TO-NIGHT

Katherine Hale, who in private life is Mrs. John Garvin, of Toronto, will give a programme of modern poetry at 8.30 to-night, at the New Thought Temple, in aid of the Provincial Guide Council funds.

## SOCIETY

Mr. John F. Henry of Toronto is a guest at the Empress Hotel.

Mrs. M. Beecroft of Cowichan Bay is spending a few days in Victoria.

Mr. and Mrs. J. A. Morrison of Denman Island are spending a few days in Victoria.

Mrs. Gardiner of Winnipeg is the guest of her daughter, Mrs. W. L. McIntosh, Shafer Avenue.

Mr. Ernest A. Purkis is a visitor in Victoria from Toronto, Ont. He is registered at the Empress Hotel.

Mr. and Mrs. H. B. McIntyre of Vancouver are among the visitors from the mainland spending a few days in Victoria.

Mrs. Hopwood of Cheltenham, England, has arrived in Victoria on a visit to her sister, Mrs. Fitzherbert Bullen, Esquimalt Road.

Mr. and Mrs. N. A. Wallinger of Cranbrook, who have been guests at the Glenelgh during the session of the Legislature, have taken a suite in the Broadway Apartments, Superior Street.

### HECKLE SPEAKER ON COMPANIONATE MARRIAGE THEME

Dr. Lyle Telford Accused of Seeking Cheap Notoriety; Starting Statements

Vancouver, March 23.—Companionate marriage differs from the present status of marriage in Canada in two essentials, according to Dr. Lyle Telford, who addressed an audience of several hundred persons in the ballroom of the Hotel Vancouver last night.

The first of these is that companionate marriage is necessarily based upon a knowledge of birth control. The second is that it would be a disservice to the public to allow both parties, providing there were no children and the circumstances of the case had been reviewed before a competent court of divorce.

"The subject is much misunderstood by newspaper editors and others who will not take the trouble to study the matter, nor refrain from abusing me for endeavoring to point the way to social reform along much needed lines," said the speaker.

NOTORIETY ACCUSATION  
Early in his lecture he was accused by a person in the audience of seeking cheap notoriety, but the speaker was not at all perturbed.

"You see what happens when a man seeks to contribute something toward the enlightenment of his fellow men," said Dr. Telford, referring to the interruption. "A cheap skate like that comes along and charges you with a selfish motive. But when seeking publicity, I would prefer to avoid it. Since this storm broke loose I have been deluged with visitors at my office and innumerable letters. I can't handle them and I want the Government to take over the work."

DENIES FREE LOVE  
Proceeding Dr. Telford described companionate marriage and denied it meant free love, promiscuous sex indulgence or a succession of legal adulteries as had been suggested by its critics.

In companionate marriage it was necessary for the contracting parties to become partners on the present marriage basis, either religious or civil. The contracting couple would avoid the birth of children until they were satisfied they could permanently maintain a companionate marriage, and would then have children as desired only.

"If at the end of a stated period they found their marriage had been a mistake and they were permanently incompatible in temperament, they could obtain a divorce by mutual consent."

"To those who urge the present marriage law is of divine origin I say God had nothing to do with it. Our marriage laws are man-made and they are not even universal or constant. They have varied throughout the centuries and are still in process of evolution," he said.

"We have not yet attained perfection in matters of marriage or sex relation, but companionate marriage is a step in the right direction."

Civic Opera Company. Among the guests were Mr. Clark A. Shaw, co-manager of the Chicago Civic Opera Company, and Mrs. Shaw; Mrs. Marie Rappold, Cyrille Van Goyen, Maria Turina, premiere danseuse of the company; Gertrude Huntly Green, noted Canadian pianist; Count and Countess de Sussanet, of Vienna, and Vechaslav Svoboda, premier danseur.

Presiding over the supper table were Mrs. Alexander McEwan, Mrs. Alfred H. Anderson, Mrs. John Eddy, Mrs. Thomas Simpson, Mrs. Joseph Green and Mrs. Thomas Green, assisted by Mrs. Jay I. Durand, Mrs. Walter Moore, Mrs. Donald A. Nicholson, Mrs. Lawrence Bogle and Mrs. Clare Farnsworth.

Miss Elsie Dunn and Dorothy Phillips were joint hostesses at Wednesday evening at a miscellaneous shower at the home of the latter's mother, Mrs. P. L. Phillips, 304 Wilson Street, in honor of Miss Frances Lane, a popular bride of this month. The rooms were beautifully decorated with Spring blossoms and daffodils. The many lovely gifts were concealed in a hope chest.

Later dainty refreshments were served by Mrs. Phillips, Mrs. Fisher, Marjorie Phillips, Elsie Dunn and Dorothy Phillips, the table being prettily decorated with streamers and candles, centred with a miniature bride and groom.

Among those present were Mrs. H. G. Lane, Mrs. G. Dunn, Mrs. R. Fisher, Mrs. W. Rennie, Mrs. P. L. Phillips, Mrs. O'Neill, Miss Frances Lane, Mrs. Elsie Phillips, Kay Forbes, Elsie Dunn, Irene Crowther, Doris Leeson, Marie Crowther, Edna Ashton, Kay Davies, Kay Clark, Doris Leeson, Elsie Dunn, Jeanie Bennett, Grace Colton, Yvonne Yeaton, Rose Yeaton, Elsie Thomas, Elsie Dunn, Dorothy Phillips.

Mrs. Robert Gray and Miss Mildred Williams were joint hostesses at a miscellaneous shower given at the home of Mrs. G. T. Williams, 1715 Carrick Street on Wednesday evening in honor of Miss Mins Armstrong, a popular bride-elect, whose marriage will take place early in April. The rooms were tastefully decorated in mauve and yellow, the color scheme being carried out with daffodils, violets and greenery.

The many gifts were concealed in a beautiful cedar chest, the gift of Mr. and Mrs. R. Gray. This was delightfully decorated as a large parcel, with a bow of mauve and yellow and a kiewpie dressed as a bride in the centre. A unique feature was a miniature steamed pulling the parcel. Little Margaret Welsh presented the gifts to the bride-elect. The evening was spent in contests, games and music. Miss Elsie Johnson and Mrs. W. M. McGregor winning the first prizes in the contests.

The evening was spent in contests, games and music. Miss Elsie Johnson and Mrs. W. M. McGregor winning the first prizes in the contests. The invited guests included Mrs. Cox, Mrs. Wright, Mrs. Hine, Mrs. Knight, Mrs. Welsh, Mrs. Dingwell, Mrs. Stephens, Mrs. Swan, Mrs. Gray, Mrs. McGregor, Mrs. Showers, Mrs. Williams and the Misses Mins Armstrong, Lucille Blake, Marion Nancarrow, Mabel Bligh, Mabel Crawford, Harriet McNulty, Emma Mary, Esther Stephens, Elsie Johnson, Mins Smith, Rosina Murphy, Kay Davies, Margaret Thompson, Ruth Hoffman, Dorothy Anderson, Annie King, Margaret and Fred Welsh, Dora and Emma Collett and Mrs. Winnifred and Millie Williams. Beveridge, president of the Women's Auxiliary; Miss Bruce, president of the Press Club; Sir Richard Lake, H. Goulding Wilson, C. Williams, J. Law, J. L. Dunlop, Rotary Club representative; John P. Babcock, Provincial Government representative; Dr. Arthur Pridemore, municipal health officer, city representative.  
Dr. C. Wace continues as medical superintendent.  
The honorary president is His Honor the Lieutenant-Governor, and honorary vice-presidents are Hon. Walter C. Barrow, minister of agriculture.  
Board meetings hereafter will take place on the third Thursday of each month.

**WOMAN CAME BACK TO LIFE; NOW DEAD**  
Washington, March 23.—Mrs. Mary True, the woman who came back to life after she had been pronounced dead here yesterday, died late yesterday. Found unconscious in a train berth, the woman was taken to a morgue in a hearse and then, when evidence of life was noticed, was rushed to a hospital, where physicians said she had an even chance of recovery.  
Mrs. True was a nurse at Suffolk Sanitarium, L.I. An examination disclosed she had taken poison.

## TORONTO COURT HOLDS A. E. HALL

"Doctor" in Toronto Held on Vagrancy Charges Smiles at Magistrate

Toronto, March 23.—"Dr." Alfred E. G. Hall, psychologist, who has been delivering well attended lectures in Massey Hall and Reginald Auditorium, and who faces a charge of vagrancy as a result of the allegations of the immigration department that he has entered Canada illegally, appeared in police court last Friday before Magistrate Cohen and was remanded until to-day.

The original bail of \$500 was allowed to stand with Mr. Brooks, Hall's campaign manager, remaining as bondsman.

"A week," stated Morality Officer Wilson, as the spruce well-groomed figure of "Dr." Hall appeared against the dock. "Another week?" queried his worship.

"The Crown," as asked for the remand, Mr. Elgie, counsel for the doctor, told the bench, "We have nothing to fear in this case anyway."

"Dr." Ernest Hall, dressed in a dark blue overcoat, a white scarf and bearing an altogether cheerful and optimistic appearance, appeared as his name was called in the early court session.

"Mr. Brooks," Mr. Hall's campaign manager, and Mr. Van Eden, his private secretary, followed him into the court and took up their position in the body of the court. The "doctor" was told he would have to wait for the 10 o'clock court.

In the corridor outside the court during the intervening period, the "doctor" was the soul of congeniality. "The immigration papers have not been sent away yet," he told the Star representative. "There is nothing to fear," he added, "we have nothing to defend."

At the opening of the 10 o'clock court the doctor's name was the first called. No more cheerful countenance could have lined the dock rail. A smile lighted his face and a general appearance of good humor characterized his bearing.

Concluding the brief hearing, Mr. Brooks, his bondsman and campaign manager, stood beside him.

"Are you content?" asked his worship. Both nodded smiling assent. It was over.

## LEADER URGES IRISH UNITY

Dublin, March 23.—The Government's policy with regard to partition was explained in the Dail yesterday by Vice-President Elyne, who said:

"We are not aiming at a republic, because we believe we can enjoy a greater measure of security and protection within the British Commonwealth of Nations than we could have outside of it. The end of partition can only come by consent and not by coercion of economic pressure."

"We can not hope to have a united Irish State either in this or in the next generation against the consent of Great Britain, whose opposition to it would have to be respected. Partition can be ended only by making it more attractive for those outside the Free State to come in."

Lesson No. 11

Question: How does emulsified cod-liver oil increase the efficiency of milk as a protection against rickets?

Answer: Milk is deficient in rickets-preventing vitamin. A little emulsified cod-liver oil added to or taken with milk makes it a more perfect vitamin-food. Give it as

## VANCOUVER ISLAND NEWS

### LORD WILLINGDON TO ADDRESS NEW CLUB AT NANAIMO

J. M. Rudd First President of Newly-organized Canadian Club at Up-island City

Nanaimo, March 23.—The Canadian Club of Nanaimo was successfully organized last night at a very representative gathering of Nanaimo's citizens.

A constitution was adopted and officers for the coming year were elected. The club was fortunate in having with them Kenneth Ferguson, president of the Canadian Club of Victoria, who gave a short and inspiring address to the members.

The officers elected are as follows: President, J. M. Rudd, vice-president, Dr. G. A. B. Hall; literary secretary, Dr. Webb; directors, Dr. Brown, V. B. Harrison, J. Shaw, J. W. Coburn, Harvey Murphy, W. W. R. Mitchell, T. J. Newman.

His Excellency the Governor-General has accepted an invitation to address the club at its initial meeting in April.

**MALAHAT BOARD  
OF TRADE MEETS**

Road Will Be Opened to Give Access to South End of Station at Shawnigan Lake

Shawnigan Lake, March 23.—The Malahat Board of Trade met in quarterly session last night, with a good attendance. The president of the Associated Board of Trade of Vancouver Island, Rev. M. W. J. Bruce of Sidney, was a visitor, and spoke on board of trade and other matters.

The public works committee reported that the gazetted road at Shawnigan Lake station will be opened, thus giving public access to the south end of the station.

When this has been accomplished a footway across the railway tracks, and a public landing stage will be pressed for. They also reported that J. P. Ford, district engineer for the Federal Public Works Department, has undertaken to have the outlet at the north end of the lake cleared, so that the winter level of the lake may be kept below the danger point to property.

The committee reported the roads in fair condition, the secondary roads being better than the highway.

The committee on agriculture presented a report on noxious weeds, and had obtained from the Department of Agriculture much useful information. They urged that the board continue its efforts to keep these pests in check.

The fish and game committee made a recommendation that a continuation of the close season for trout fishing be extended to April 1 in each year, for Shawnigan Lake and streams. This was endorsed. The Cowichan Lake hatchery will be asked for 40,000 trout fry.

Mill Bay members made an application for the construction of a landing stage for small boats at that popular resort. The application will be sent to the proper quarter.

The entertainment committee reported that it has plans in hand for a board of trade banquet and a dance.

**Work Planned  
On Hospital  
At Ladysmith**

Ladysmith, March 23.—Extensive additions will shortly be made to the general hospital here. Tenders are being invited for extensions to the administration building and consisting of a sun-room, nurses dining-room, kitchen, kitchen service room and laundry. Other minor alterations will also be effected.

Bids on the work must be submitted to A. P. Glen, secretary of the Ladysmith Hospital Board, by April 1.

Two of a Kind

"This tooth must come out, but don't worry—I can give you an injection so that you will feel nothing."

"Tell that to somebody else—I'm a dentist myself."

## Islands

Galiano Island, March 23.—Mrs. C. Morgan of "The Cotswolds" entertained at a most enjoyable party on Saturday last in honor of her daughter, Edna's thirteenth birthday. The house had been very prettily decorated with primroses and daffodils. Those present were Mrs. Patience, Mrs. S. Page, Mrs. Hardy and the Misses Ambrose Moore, Dorothy Patience, Ruth Higgs, Jean Murphree, Mary Larsen, Myrtle Bambrick and Rosamond Mucheuch.

The many friends of Mrs. New will

## 6 Years of Misery

No Relief From Stomach Trouble Until He Tried TANLAC

If your stomach is sick, you are sick all over. If you can't digest your food properly, you quickly lose strength, get thin and nervous, and feel just as tired in the morning as when you went to bed. For 20 years Tanlac has been restoring to millions of men and women health, whatever the cause of their misery. Just as you do. Why shouldn't Tanlac do for you just what it did for Mr. Nosh Pare, 330 Albert Street, Windsor, Ont.

He writes: "There was not a day in six years that I did not suffer with my stomach. It was as sore as a boil, and gas would clog up in my chest until I had to fight for breath. I became so nervous and worried that the strain was showing on me. I could not eat, sleep or do my work properly. I tried many treatments without any benefit whatever until I started on Tanlac—and I want to tell everyone who suffers as I did, to use Tanlac. After finishing the third bottle, I was well and I don't believe there is a man in Canada with a better stomach than mine. I eat and sleep well; never have pain or gas; never had a day's sickness since using Tanlac."

Tanlac brings back lost appetite, helps you digest your food, builds up weight and strength, it contains no mineral drugs; it is made of roots, herbs and herbs. Nature's own medicine for the sick. Get a bottle from your druggist to-day. The cost is less than 20¢ a dose—and your money back if it does not help you.

## FEEL A DOLLAR TO HEAR "DR." HALL

Toronto, March 23.—"Dr." Alfred Ernest George Hall, formerly of Victoria and Vancouver, B.C., lectured last evening in Massey Hall. Entrance fee was one dollar, and his subject was "Balance Scales of Life." He attracted about 100 people, as contrasted with about 3,000 when he spoke at admission free on Sunday night.

As usual, he was surrounded by candles and flowers, with banked palms filling either side of the large stage to the rear, and rows of lights left and right of the footlights. Eight or nine of his immediate followers appeared with him on the platform. His organ accompanist was Miss and Hall was obliged to begin his lecture under the low harmonizing chords to which he likes to speak.

Probably seventy per cent of the audience was female, and ninety per cent of that was over twenty-eight years old. However, there was a flapper row in front.

The lecture was illustrated by a large wooden scale erected on the stage, strong enough to hold five of the female sex in either balance. British and American flags were draped at each side to give it dignity. But the scales creaked like an old-fashioned windmill whenever used. A near-collapse opened the occasion with song. A young lady performing at the piano wore pink.

Hall requested the usual two-minute silence for meditation. T. W. Stoddard, a South African, acted as chairman. Hall announced his sex lectures would be repeated and children of fourteen years admitted if accompanied by their parents, or having their parents consent.

"I look forward to leaving your city with nothing but the finest memories regardless of what has transpired," he stated.

## EXECUTION IN QUEBEC TO-DAY

(Continued from page 1)

MESSAGE FROM WIFE  
A telegram was received at the jail last night for George from his wife, Doris. It read: "To-morrow Mass and Communion will be offered, and I will never cease to pray for you. May the Blessed Lady receive you at the Gate of Heaven."

On reading the message McDonald murmured, "God Bless Her Soul."

It was the first communication between the wife and husband since Wednesday, when the young woman's death sentence was pronounced.

Mass was celebrated this morning by the chaplain, the condemned man receiving Holy Communion. At its conclusion McDonald, at the side of his spiritual adviser in prayer.

Sheriff Crepin said: "Yesterday McDonald said to me: 'You wait and see if I don't mount the gallows with firm step and head erect, and be certainly died.'"

SAID FAREWELL  
McDonald's father, John McDonald of Sydney, N.S., and his mother and sister from Portland, Maine, said goodbye to the prisoner yesterday and spent the night awake in a local hotel.

The meeting of the father and mother before the cell was a pathetic one. It was the first time they had come together for years, as they had been estranged.

LIFE IMPRISONMENT  
McDonald's wife, Doris, was sentenced to be hanged to-day, but on Wednesday the week her sentence was commuted by the Federal Cabinet to life imprisonment. For her the trial jury returned a recommendation for mercy with the verdict.

One of the members of the jury wanted by police for Bouchard's murder, a man, has not been apprehended.

Doris McDonald will spend the rest of her life in the Kingston penitentiary, where she will be taken shortly from the Women's Jail in Montreal.

Mrs. McDonald, who for a time was an actress in New York, is between twenty and twenty-one years of age.

Adelard Bouchard, Lachine, Que., taxi driver, was murdered July 17 last on the Malabar Inghamway highway near Huntingdon, Que.

It was stated that in a confession made to Sergeant Bert T. Clark, assistant captain of detectives, while awaiting extradition from Denver, Colorado, to Montreal, Doris McDonald recounted that she and her husband, George, had been in the city of Montreal for some time before "things were getting too warm for us."

The confession went on to state that they hired Bouchard, a taxi driver, to drive them to the border, intending to take the taxi away from him en route. The confession mentioned another man, who has not been captured, as taking part in the crime.

The shooting of Bouchard, according to the alleged confession, was done by Doris herself, who took a gun from one of her companions and shot at Bouchard four times. After the taxi driver had been robbed of \$70, Bouchard, still alive, was pushed into a water-filled ditch at the side of the road, and the three proceeded in the victim's car to the border, where they turned back because the immigration agent was dissatisfied with the man in the back of the car, who answered his questions.

THREAT ALLEGED  
This confession was repudiated by J. A. Legault, B.C. counsel for the McDonalds. Legault said Doris had told him she had replied to questions after being told to "come across, kid, or we'll break your neck."

That is at least a threat and as she now denies every sentence read to her and says she did not write a single word or sign a single paper, the confession, Legault contends, is untrue.

DECLARED NO CONFESSION  
George McDonald also declared the alleged confession was incorrect.

On Saturday, March 17, he made the following statement:

"To whom it may concern: This is to certify that my wife, Doris McDonald, who is in jail at Montreal, is innocent of the murder of A. Bouchard. I swear to this by my God in heaven. She had not one thing to do in the murder or helped in any way and the Denver confession is untrue."

This statement was signed by McDonald and two witnesses.

POLICE HUNT  
The body of Bouchard was discovered the day after the crime.

An extensive search by police of both Canada and the United States for the fugitives. The McDonalds were finally captured on August 11 at Butte, Montana. They were extradited to Canada, via Denver. On being brought back to the scene of the crime, they were tried at Valleyfield, the judicial district in which the murder was committed. With-

## WILSON FLIES FROM SPOKANE TO VICTORIA OVER CASCADES

(Continued from page 1)

The instruments show that in crossing the Cascade mountains between Spokane and the Coast, the plane climbed to an altitude of 8,000 feet.

Mr. Wilson came to Victoria on a business trip in connection with the enterprise handled by R. F. Castle and Company, and his own organization, the Northwest Mines Investment Company, in Spokane.

He was met here by Victor Clarke and W. H. Dickinson of the Castle firm, and by Cecil E. and Ernest E. of the B. C. Airways Limited.

Special immigration and Canadian customs officials were at the airport to pass the plane and its occupants without delay.

Mr. Wilson is one of the leading aviation enthusiasts of the Island Empire. He now makes most of his business trips in one of his fleet of planes.

The one he used for the trip to Victoria is the Golconda II. He will leave the Victoria airport about 1 o'clock to-morrow afternoon for business visits to Vancouver and Calgary.

Mr. Wilson praised the facilities at the Victoria airport landing field, but expressed surprise when he learned that the field was to be expanded.

"The mining outlook is very good now," he said, "and the prospect of new operations, everybody seems to be doing lots of development."

Mr. Wilson said he was in the process of raising money for the development of the field, but he said he was not sure of the results.

He said he was in the process of raising money for the development of the field, but he said he was not sure of the results.

## NORTH SAANICH CONSERVATIVES IN ANNUAL SESSION

Col. C. W. Peck, V.C., Was Chief Speaker at Sidney Meeting; Officers Elected

Special to The Times  
Sidney, March 23.—The annual meeting of the North Saanich Conservative Association was held in Wesley Hall on Wednesday evening. The meeting opened with the president, A. W. Bowden, in the chair.

Hon. R. B. Bennett and Hon. S. P. T. Peck, V.C., were elected honorary presidents and C. H. Dickie and Col. C. W. Peck honorary vice-presidents.

W. E. Clarke, on behalf of the returned members of the district, voted a resolution of appreciation to Col. Peck for his services during the recent session.

The election of officers resulted as follows: President, George T. Mitchell, by acclamation; first vice-president, H. L. Ricketta; second vice-president, Mrs. G. C. W. Peck, secretary-treasurer, F. Holdridge.

The following ten members were elected to the executive: Mrs. George T. Mitchell, Mrs. B. Davis, Mrs. J. H. Peck, A. Harvey, Samuel Brethour, W. Bowden, J. B. Reading, F. J. King, O. N. Thomas and W. C. Clarke.

It was decided to elect four members and four alternatives to work with the Island central executive and the following members were elected: A. W. Bowden, A. Harvey, G. Spearin, Samuel Brethour, F. J. King, George T. Mitchell, F. Holdridge and J. H. Baxter.

Col. C. W. Peck, V.C., M.P., gave a short speech.

He pointed out the importance of organization, stating that all should take an interest and work together. He then spoke on the "History of Party Politics."

Speaking of the session of the Legislature, Col. Peck touched on laws and taxes, the fruit industry, old age pensions and the parks account, concluding with a few remarks on the state of the public debt and the P.G.E. Railway.

The regular monthly meeting of the St. Andrew's and Holy Trinity Branch of the Women's Auxiliary was held at the home of Mrs. J. Matthews on Wednesday afternoon.

It was decided to hold a silver tea at the home of Mrs. B. J. Deep Cove in May, in aid of the Cathedral fund. Mrs. Payne read an interesting article on the activities of the Columbia Coast mission boats, and Mrs. Peck read another of her readings on the subject of the "Fruit Industry."

## EXTRADITION IS ARGUED IN COURT

In Vancouver Judge Refuses to Release Patrick O'Connor, Alabama

Vancouver, March 23.—Release of Patrick A. O'Connor, Roman Catholic priest, whose extradition was sought by the State of Alabama on a charge of performing an illegal operation, was refused in the Supreme Court here to-day by Mr. Justice Morrison.

"I am helpless in the matter," said the judge to R. L. Matland, who applied for a writ of habeas corpus.

Counsel contended that since the case had been reviewed by Judge O'Connell, the judge should not be asked to review it again.

The proceedings were taken before Hon. W. J. Grubb, Judge of the District Court of the United States. On motion of United States Attorney C. B. Keane, further prosecution of the charge had been there upon dismissed.

This was submitted to Mr. Justice Morrison as material justifying him in reconsidering the matter in habeas corpus proceedings.

DESIRE TO REMAIN  
Mr. Matland stated in answer to a question that O'Connor objected to returning to Alabama because he felt he would not be tried in the courts there, the grand jury having thrown out the charge.

"They will not kill him," commented the judge.

"I wouldn't be surprised," replied Mr. Matland.

"It is a civilized country," queried the court.

"If your lordship would read certain magazines you wouldn't think it is civilized," said counsel.

"I can not go on that," pointed out Mr. Justice Morrison.

## EMBASSY DAMAGED BY EARTH SHOCKS

U.S. Building in Mexico City Suffers; Five Persons Elsewhere Hurt

Mexico City, March 23.—The United States Embassy residence was among the buildings in Mexico City damaged by the earthquake which Wednesday night spread panic throughout the capital and several cities in central and southern Mexico.

Only minor casualties were reported despite the fact that the earth movements were considered the most severe to have been felt in Mexico in many years.

The damage to the United States Embassy residence was in a wall of the bedroom of Ambassador Dwight W. Morrow, and in one of the outside walls. Mr. Morrow was in his dressing room conversing with Dr. John C. Merritt of the Carnegie Institute when the tremor was felt.

Five persons were reported injured in Mexico City.

Leaders of Church Oppose Remarriage Of Divorced Persons

Port William, Ont., March 23.—At its next meeting, the Manitoba Conference of the United Church of Canada will be asked by the Superior Presbytery to pass legislation forbidding its ministers to marry divorced persons of either sex.

A resolution favoring this action was passed by the local ministers of the United Church here, following one of the liveliest debates in the annals of the local organization.

The resolution, a lengthy document, urges in part:

"That the church make it clear that the marriage vow is essentially a matter of inward agreement and intention and not a matter of convention or ceremony, however expedient, and that neither the church nor the state can make a marriage union. They can only endorse it."

"That sex education form a more essential part of the moral and religious education of the United Church."

SHEEP MEN REPORT GAINS

Toronto, March 23.—A promising outlook for the Canadian sheep breeders was reported at the annual meeting of Canadian Co-operative Growers' Association yesterday.

In contrast with 1927, the present season had opened with a firm market, stated Colonel K. McEwen of London, Ont., president of the association, who reported that in the United States almost eighty per cent of the 1928 clip had already been sold in advance of shearing, a significant indication of the trend of the market.

George E. O'Brien, general manager of the co-operative, stated there had been an increase of 120,000 sheep in Canada last year, which brought the total up to more than 3,250,000, and that new markets were being opened up for the Canadian products.

Commons By-election Soon in Scottish Area

London, March 23.—(Canadian Press Cable)—The parliamentary by-election in the constituency of Linlithgow, Scotland, made necessary by the death of James Kidd, Conservative, will be held April 4 it was announced to-day.

The vote at the last election in Linlithgow was: Kidd, 14,769; E. Shinwell, Labor, 14,129.

Citizen of Guelph Dies in Florida

Guelph, Ont., March 23.—Word has been received here of the death in St. Petersburg, Fla., of Alex Steele, president of the Guelph branch of the Wire Works plant of this city, and one of Canada's outstanding rifle men.

He represented Canada in Great Britain, Bismarck on several occasions, and in 1908 tied for Grand Aggregate Score.

## QUEBEC M.P.P.'S RAISE SALARIES

Yearly Remuneration of Premier and Other Cabinet Members Increased

Quebec, March 23.—By a vote of 59 to 7, the Quebec Legislature Assembly yesterday approved a measure providing greater remuneration for the members of the Legislature, the Ministers, the Speakers of both Houses and the Leader of the Opposition.

The salary of each Speaker goes from \$3,000 to \$4,000 a session, and in addition the Speaker of the Legislative Assembly will be given an additional lodgings indemnity of \$1,000.

The indemnity of the Members of the Legislature goes from \$2,000 to \$2,500 a session.

The Premier will be \$14,000 instead of \$12,000, and each of the Cabinet members will receive \$8,000 instead of \$6,000.

The Deputy Speaker of the Assembly will be paid \$1,500 a session instead of \$1,000.

The salary of the Leader of the Opposition is increased from \$4,000 to \$5,000.

The increases for the two Speakers and the Deputy Speaker of the Assembly date from the commencement of the session.

## NEW PRAYER BOOK RULES ARE TESTED

First Disciplining of Rector By Bishop in England Reported

Leicester, Eng., March 23.—(Canadian Press Cable)—St. Mary's Church, Leicester, of which Rev. J. E. Warren is vicar, may become historic as the place where the bishops tried the first shot in defence of the new rules in the Church of England's Prayer Book.

At present, however, Bishop Bardsley, who is the vicar of St. Mary's, declines to agree that only sick persons shall receive communion from the reserved sacrament. This action implies that the diocesan bishop for the assistant priest will be withdrawn and that the bishop will also refuse to hold confirmations in his church.

At present, however, Bishop Bardsley, who is the vicar of St. Mary's, declines to agree that only sick persons shall receive communion from the reserved sacrament. This action implies that the diocesan bishop for the assistant priest will be withdrawn and that the bishop will also refuse to hold confirmations in his church.

## FOR RHEUMATISM

# ASPIRIN

Perhaps you didn't realize that Aspirin tablets are made to relieve the deep-down rheumatic aches as well as dispel the occasional headache. They do! In cases of neuralgia, neuritis, lumbago; for those pains that penetrate one's very bones, Aspirin tablets offer real relief. Just be sure you are getting the real Aspirin, with Bayer on each tablet and on the box—with proven directions inside. All druggists.

Physicians prescribe Aspirin;  
it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

## AIR PHOTO OF CALIFORNIA FLOOD

A remarkable picture revealing the tremendous damage caused by the flood. This is an airplane view of the wrecked city of Santa Paula. More than thirty persons were counted among the known dead in this town alone.

An airplane view of the St. Francis dam, looking down-stream through the canyon. This telephoto was taken a few hours after the collapse of the 200-foot high structure.

## NEW INSTRUMENTS AID POLICE WORK

Only Camera of Kind on Continent Is Used in Montreal Technical Police Bureau

Montreal, March 23—Designed to facilitate the deciphering of medieval religious manuscripts, a delicate and costly piece of mechanism, costing several thousand dollars to construct, now plays an important part in the solution of crime mysteries by the Province of Quebec Bureau of Technical Police.

The palempest, as it is technically

designated, is one of the most highly developed cameras in the world. It has the appearance of a black box several feet in length. A series of accurately adjusted quartz lenses make possible the reproduction of the most minute variations in handwriting, or the photographing of a few grains of gunpowder.

ONLY ONE ON CONTINENT

Only half a dozen of these delicate instruments are in existence and that enshrined in the technical police laboratory in Montreal is the only one on the continent of North America. The palempest was originally designed by a German monk, whose life was devoted to research among old religious manuscripts. A few years ago Dr. Wilfrid Derome, director of the Quebec bureau, drew up specifications for a palempest specially suited to criminal research. The apparatus was constructed in Europe. In many important details it is unique, expressing the scientific knowledge of the French-Canadian technician as well as the inventive skill of the German religious student.

Analysis of handwriting, ink and papers, is an important branch of the work of the Bureau of Technical Police and Legal Medicine, which is the only department of its kind on this side of the Atlantic. Much of this research is in connection with private investigations, the results of which are never presented in any court.

OTHER CAMERAS

The palempest is only one of eight instruments among cameras which stand ready to aid Dr. Wilfrid Derome and Dr. Rosario Fontaine in their important work. Others are employed for the photographing of footprints, bullets, scenes of crimes and rebuilt human faces.

Another instrument of which the doctors are justly proud and which they state cannot be duplicated any-

where in the world measures the pitch of spent bullets. By this means it is possible to determine beyond doubt the make of the firearm from which the bullet was discharged. When Dr. Derome discovered the importance of such knowledge to his researches he devoted his time to the designing of this instrument. It was eventually constructed to his specifications, part of it being produced in Europe and other parts in the United States.

MARKS TELL STORIES

It is interesting to note that while qualifying as an expert in legal medicine at the University of Paris, Dr. Derome studied ballistics under Dr. Balthazard, who later evolved and established the theory that the markings on a spent bullet are as distinctive as the human fingerprint, no two firearms in existence leaving the same impressions upon missiles discharged through their barrels.

### WILLIAM C. SPROUL DIED

Chester, Pa., March 23—William C. Sproul, former Governor of Pennsylvania, financier and widely-known business man, died at his home here yesterday. He was fifty-seven years old. The apex of his political career came in 1920 when his name was placed before the Republican National Convention in Chicago for nomination for the presidency. He withdrew to permit the nomination of Warren Harding.

## TO TEACH HISTORY BY NEW METHODS

Prof. McArthur of Queen's University Gives Teachers Advice on Subject

Toronto, March 23—One of the main faults of the present teaching of Canadian history is the insistence of many teachers that their pupils should memorize portions of the textbooks in anticipation of examinations, according to B. McArthur, professor of Colonial and Canadian History at Queen's University, Kingston, Ont., who addressed the convention of the Ontario Urban School Trustees' Association here. Prof. McArthur said Canadian history was more cordially disliked by students who graduated from the high schools and collegiate institutions than any other subject taught in those institutions of learning. This abuse of the textbook stifled interest, he said, and he characterized the teaching of a subject with a view to the examinations thereon as a vicious system.

One remedy suggested by Prof. McArthur was that less attention should be paid to the history of constitutional development and the growth of government. In this way, he believed, the

subject of Canadian history would lose a good deal of its present dullness. He urged the rewriting of many of the textbooks and the discarding of others. He advocated the use of the kind of books that gave contemporary descriptions of Canadian life, such as might be found in the narratives of the early explorers and in the descriptive works of travel in the early part of the last century.

Prof. McArthur said he would change examination papers so that a larger number of optional questions should be incorporated in them and the teachers should be allowed a wider scope to enlarge upon special phases of Canadian development. This would lead to greater interest on the part of the pupils, he said. He declared only those who had specialized in history should be permitted to teach it.

## BRITISH DOCTORS TO TOUR CANADA

Toronto, March 23—In connection with the proposed meeting of the British Medical Association in Winnipeg in 1930, a programme is already being arranged whereby the visiting medical men will be enabled to see as much of the Dominion as possible before they return to Great Britain. Dr. T. C. Routley, Toronto, secretary of the Canadian Medical Association, will sail at the end of this month for Great Britain to arrange details of the 1930 meeting of the organization in Winnipeg, which is expected to be the greatest gathering of medical men ever held in the Empire.

It will be the third meeting of the British Medical Association outside of the British Isles, both of the previous meetings being held in Canada, in Montreal in 1897 and in Toronto in 1908.

The proposed programme for the British visitors includes five days in Quebec and Ontario. One route will take the visitors through the mining districts and the great north country of the two provinces. A second route will be by way of the Great Lakes, giving a view of these vast inland waters and the grain traffic. A third route will take in Niagara Falls and other scenic points. After a week in Winnipeg, the British medical men will be taken through the Rockies to the Pacific coast, and back by another line. Thus they will see the prairies, the mountains and the wealth of British Columbia. They then will be taken through the Maritime Provinces.

## NEW MOVES TO PREVENT RABIES

Boston, March 23—Mad dog scares in many widely separated sections of New England are causing authorities to enforce some of the most drastic restrictions ever placed upon the animal.

The town of Milton, Mass., has given dog owners the alternative of confin-

ing their pets or of having them vaccinated against rabies. A canine clinic has been established at the town hall, where the treatment is administered by Dr. R. S. Sewell. It is claimed the vaccine renders a dog immune from the disease for a period of one year. A nominal fee is charged for the treatment, which can be administered at the rate of nearly sixty dogs an hour.

To prevent dogs from entering the city, Fall River has placed police guards over bridges and has taken other measures to round up lost and homeless dogs.

DOGS MUZZLED

Many communities have ordered dogs confined or muzzled. Others specify dogs be kept leashed.

The death of a Canton, Mass., youth, the first in the state in many years due to a dog bite, developed that the victim had not received the Pasteur treatment.

At Worcester the city veterinary, James E. Masterson, was bitten by a dog suspected of suffering from rabies, which he was examining.

Reports from several sections of Rhode Island have caused every precaution to be taken to check what was regarded as a danger of a spread of rabies. In Pawtucket six children and two adults were administered the

Pasteur treatment after they had been bitten by dogs suspected of suffering from the disease. A dog which ran wild in Saylesville, R.I., bit nearly a score of others and then disappeared. Several of the dogs bitten by the mad animal were killed and others held for observation. Providence police are under orders to report any strangely acting dog and to observe all dogs closely.

No Such Animal

Wanda: I shall not marry a man unless he is my exact opposite.

Mona: You're asking for an almost perfect man.

NEWS IN BRIEF

The next dance of the C.P.R. Social Club will be held Saturday, March 31.

The Quadra P.T.A. will hold a five hundred card party in the Quadra School on Wednesday, March 28 at 8 p.m. There will be prizes and refreshments.

See Bow, charged with being found in possession of opium by Constables John Ireland and John Blackstock, was remanded in the City Police Court this morning until tomorrow. He pleaded not guilty.

The annual meeting of the Victoria Bar Association will be held Monday at 4 p.m. at the Court House. The election of officers and other business will be considered. All members of the association are requested to attend.

The regular monthly meeting of Victoria Lodge No. 1, Ancient Order United Workmen, was held on Wednesday evening in K. of C. Hall, Government Street. It was decided to hold an excursion to Seattle on Monday, July 2. After the meeting refreshments were served by the ladies.

## REDUCTION OF TWO MILLS IN OAK BAY RATE

Levy This Year Will Be Twenty-six Mills, Council Decides

The general tax rate in Oak Bay for 1928 will be twenty-six mills, two mills lower than the rate last year, the council decided last night at a meeting to discuss the estimates.

Two main factors have resulted in the reduction of the tax levy. About \$24,000 of the surplus cash on hand from last year will be used and the improvement tax will be levied on thirty per cent of the value of improvements instead of twenty-five per cent as heretofore.

The grand total of estimated expenditures as presented last night will be \$292,087, an increase of \$24,700 over the actual expenditures last year. Estimated receipts other than those from the general levy were put at \$150,280, leaving \$141,807 to be raised by taxation. Owing to the large amount of tax arrears from the previous year, the council decided to apply from 11 to 2 and 9 to 7 o'clock.

Health Centre estimates were last night approved by the council. The cost of operating being estimated to be \$18,578. Revenue was expected to total \$13,580, of which the Rockefeller Institute contributes \$4,000. The council will be required to make up the difference from a grant of \$4,998.

The Saanich Council last night decided to purchase a Federal four-cylinder dump truck of two cubic yards capacity, at a price of \$3,415. MacDonald & Nicol were awarded a contract to equip one of the municipal tractors with a dump body and hydraulic hoist, at a cost of \$736.95.

Work has been commenced on alterations to St. Mary's Hall, Oak Bay, from plans prepared by Architect Leonard James. Fairhurst Brothers of Victoria Avenue, are the general contractors. The electrical work being handled by H. J. Langdon, the plumbing by W. Fridham. The Clyde Sheet Metal Works will install the furnace.

Lim, a Chinaman, pleading not guilty to a charge of being found in a place where persons resort for the purpose of smoking opium, was fined \$15 and charged \$250 costs when arraigned before Magistrate Jay in the City Police Court this morning. He was arrested yesterday by Constables John Ireland and John Blackstock.

The Provincial Department of Public Works has awarded a contract to J. A. Mackenzie, of Vancouver, for the construction of concrete flood boxes at the Colony farm at Esquimalt. A contract has also been placed for the erection of a frame police station at Burns Lake, in the interior of the Province, the contractor being A. R. Brown, of Burns Lake.

Charged with unlawful possession of opium, Sing, a Chinese on bail following his appearance in police court, appeared before Judge Lammiman in County Court today and elected speedy trial. The hearing was set for 2:30 p.m. on April 2, when Carew Martin will appear for the prosecution, and O. J. Boulton for the defence.

Thirteen days remain for the registration of names on the Provincial Voters' List in Victoria City electoral district. April 7 is the final day for registration. The offices of Charles R. Bishop, secretary of the Victoria Liberal Association, 574.5 Yates Street, will be kept open for the convenience of the public from 9 o'clock in the morning until 9 o'clock in the evening, with a commissioner in charge for any information desired in this respect.

Robert Watson was sentenced to six months' imprisonment when arraigned before Magistrate Jay in the city police court today on a charge of having a pair of trousers and a belt, which he knew to be stolen, in his possession. Watson had the trousers on when he was arrested by Constable James Strong last night. They originally belonged to the firm of Price & Smith, clothing, Yates Street and were taken from the firm's premises by a prowler.

Not That Kind

Husband (in car): Heaven! The engine is terribly overheated.

Wife (calmly): Then why don't you turn off the radiator?

Both Show It

"Borties are artistic," said Trent.

"And show a man's natural bent."

"Well, though not artistic," said Begg.

"The same thing is true of bow legs."

BRITISH COLUMBIA GOATS SHIPPED TO SOUTH AMERICA

Photo by courtesy of Vancouver Daily Province.

Above is a picture of four pure-bred Saanen goats recently shipped to the Republic of Colombia by members of the B.C. Goat Breeders' Association through the efforts of Prof. H. M. King of the University of British Columbia. The Republic of Colombia recently appointed Fred Stark, of Tavistock, Ontario, as Live Stock Commissioner, and with a view to improving its position in dairying, purchases have been made in the East of Holsteins, Ayrshires and Jerseys. On the representations of Prof. King that the best goats were to be obtained in British Columbia, the above animals were bought as foundation stock. On the left is a young buck, Cedar Jaure Donald, bred by John Gillespie of Victoria, and sold by Tyler's Goat Dairy, Victoria. This buck is from a dam which gave fifteen pounds (six quarts) of milk in a day and was the milkiest at Victoria Fair in 1927. The doe, second from the left is Cranley Frances, bred and sold by F. B. Monette, North Vancouver, which won first at the Vancouver Kid Show in 1926, and is from a doe which was grand champion Saanen at Vancouver in 1926 and 1927. Third from the left is Columbia Princess, bred and sold by J. W. Baker, New Westminster. She was the winner of the challenge cup for the best pure-bred doe kid at Vancouver Kid Show, and as a yearling was champion pure-bred Saanen at Vancouver and New Westminster. At first kidding she gave eight pounds (over three quarts) daily. The goat on the right is Harlequin Joy, bred and sold by H. G. Leeworthy, Vancouver, from a five-quart milker, Three Oaks Juanita Jo.

## STUFFED OWL IS MYSTERY TO LOCAL POLICE OFFICERS

Who placed a stuffed owl on a telephone pole is a question Victoria police officers are asking this morning. Last night a night watchman spied what appeared to be a live owl perched on the pole in the vicinity of A. P. Stude & Company's warehouse. Not wishing to take a shot at it with his own revolver, he telephoned to the police station and the patrol wagon responded with two police officers. One officer fired at the bird with a .22-calibre gun. It remained calmly on its perch undisturbed by the firing and a second shot was fired. The owl still remained. Becoming suspicious the officers got within closer range, and then to their amazement found it was a stuffed owl they had been trying to kill.

BUNGALOW CAMP IS NOW RISING

Permanent Tourist Bungalow Court Planned For Hillside Avenue

Work on a bungalow court camp for visitors to the hillside at Hillside Avenue, was commenced this week by Robert Hetherington, building for G. H. Maynard, at a cost estimated in the neighborhood of \$6,000.

The plans call for eight duplex bungalows, four on each side of the property, with an office and central showers at the entrance. The units will comprise a kitchen and bed-sitting-room, with separate plumbing, two units being housed in each bungalow.

The enterprise is designed to cater to the tourist trade, by the provision of a permanent camp that can be used throughout the year.

CAMPAIGN TO GET MEMBERS

For League of Nations Society Planned For All Canada

League of Nations Day in Canada, when a nation-wide campaign for new members for the League of Nations Society in Canada will reach its climax, will be observed on April 17, according to announcement made at the Chamber of Commerce directors' meeting today.

The chamber was invited to send a delegate to a meeting to be held in the Pro Patria branch, B.E.L., 625 Court Street, on March 24, and Mayor H. C. Holmes was appointed to act for the directors.

COMMITTEE CHOSEN

The election committee of the chamber was made known today and consists of the following: G. H. Stewart, C. L. Browning, A. P. Chapman, A. L. Walker, J. V. Johnson, D. O. Cameron, George Weller, J. J. Hickey, W. G. Humphreys, S. G. Wilson and P. Bartholomew.

A resolution to the effect that the directors hoped the Saanich Beaches and Parks Committee would see its way clear to improving Memorial Avenue, was passed.

Circularization of members at the time of voting on money by-laws, was advocated by W. T. Smith, chairman of the Junior Chamber of Commerce. The approval of the president was asked for any letter of this form which the body should send out. The directors acquiesced.

W. A. Blake's application for membership was passed by the board.

Anti-Vivisection Society.—The local anti-vivisection society has received, among other donations, the sum of \$50 from Miss N. C. Williams, of New York, who has joined the society.

The local secretary met Miss Williams in Philadelphia at the Anti-Vivisection Congress, and she evinced much interest in the work. When holiday-making in Italy last Summer, Miss Williams met George Bernard Shaw, who called upon her and discussed the various phases of the cause which both have so much at heart.

## EX-SERVICE MEN TO HONOR WAR TIME SERVICES

Window in New Cathedral in Memory of Those Who Gave Hospitality Suggested

Consideration was given this morning by a group of ex-service men to a suggestion made by one of their number that a permanent tribute be secured in the new Christ Church Cathedral to express public appreciation of the action of countless men and women in Great Britain and allied countries during the war who opened their homes and hearts to Canadians engaged in war service, and gave the fellowship, comforts and influence of home life to those who were far from their own homes.

The original proposal was made by a returned soldier, and stated in the following terms:

"Soldiers and sailors who enjoyed the friendship, hospitality and help of people in Britain and allied countries during the war, and who could never repay the debt of gratitude they owe, even if a cash payment could be considered, might be glad to express their thanks by combining to provide some definite portion of the cathedral as a lasting token of gratitude."

"Not only were the doors of homes opened to them, but the hearts of the people also. In health and sickness, joy and trouble, the people were one with the sailor and soldier. No one will ever know how many young men, freed from home influence, were saved from irredeemable errors through the medium of the real friends who gathered round them."

"I doubt if such a thought has been incorporated in the structure of any building; the dead are commemorated, but the living thought of a service, the effects of which will last for generations, is worthy of commemoration."

"Would not the mothers of Canada be glad to associate themselves with an effort to perpetuate the memory of a great service, which was responsible for many of the sons remaining true to the teachings of their youth?"

ACTION DESIRABLE

Inquiry from the new cathedral authorities regarding the practicability of the proposal resulted in information being given that the suggestion would receive prompt consideration if it were shown to have sufficient support.

Previous proposals made to the committee have been that the great rose window in the west front should be used as a memorial "to those who went West" during the war, and various details of symbolism and coloring for stained glass have been suggested. Underneath the rose window, in the architects' design, are seven smaller windows. These, it has been suggested, might be used to commemorate the services rendered by the navy, the army, air force, Red Cross, Women's Army Auxiliary Corps, chaplain and parents and relatives. This would be only suggestive, and would doubtless be changed slightly to incorporate other branches of service, such as the merchant marine, service corps, etc.

The architect's estimate of the cost of stone work for the rose window, \$8,500, and \$250 for each of the lower west windows. Further information of structural details may be obtained from the Architects' Association, Ven. E. P. Laycock, at the Memorial Hall, to whom communications from individuals and organizations concerning these various proposals may be sent. Early action is desirable, in view of the present appeal and canvas now being made for the completion of the west end section including erection of the rose window and other west windows.

URGES SOCIETIES TO JOIN HANDS

Y.M.C.A. Leader Urges Co-operation to Hold Young People

After a two-day visit to Victoria during which time he gave several addresses to local Y.M.C.A. clubs and spent some time in conference with the members of the Junior League of Canada, Mr. Buckley, national home secretary of Canadian Y.M.C.A., with headquarters at Toronto, left last evening for Vancouver en route for Moose Jaw where his next official visit will be made.

Mr. Buckley arrived in Victoria Wednesday. The morning was spent in conference with Walter B. Maguire, general secretary, Archibald McInnon, physical instructor, and Vivian Shonemaker, boys' work secretary. Wednesday afternoon was spent in discussion with members of the Junior League of Canada. The evening of the same day was spent in conference with members of the Senior Leaders' Corps at the home of Mr. Maguire on Summit Avenue.

Yesterday afternoon Mr. Buckley addressed the members of the Hi-Y Club following which he was guest of honor and principal speaker at a supper meeting of the board of directors and a group of committeemen. Mr. Buckley said and this should be worked out as quickly as possible, and the Y.M.C.A. and the Y.W.C.A. and the young people's societies of the various churches should work together with the same ultimate object in view. He also spoke on vocational guidance with the object of helping the undecided boy to choose a career in life or to help his parents in placing him in a position.

ANNOUNCEMENTS

Women! The Standard Steam Laundry (phone 1017) has just installed the best and most up-to-date curtain cleaner obtainable. No hooks, used, no pins, no pulling out of shape. #### AMATEUR TROUBLES

To the Sport Editor:—In an attempt to clear the charges of incapacity and violation of the rules of the A.A.U. of Canada, Mr. Manson, the president of the local branch, wrote to great length in your issue of March 16.

Instead of explaining the perplexities of his trust, he had adhered to and enforced the rules set out by the governing body of the union, the present situation would never have existed.

Mr. Manson is reputed to have stated at the meeting of the A.A.U. at New Westminster that it was not the practice in the state of Washington to issue amateur cards to their boxers. A most inexplicable question arises when he mentions this fact, since the rules state that amateur cards must be produced at every event in which the athlete takes part, by this means only can a competitor be identified. Under such existing rules, these men are ineligible, and should never have been allowed to compete. But I am of

the opinion that similar protection is given, and the same rules are prevalent in Seattle as in other parts of the United States and the whole of Canada.

In stating that several of the boxers unthinkingly took money—for their services is absurd. Even supposing a boxer lacked this intelligence, an active official of the A.A.U. would be aware of any tournaments both amateur and professional, and could easily prevent such a serious misdeed.

I must add that this so-called acting in good faith by Mr. Manson when granting amateur cards, without even a declaration from the applicant, is injurious both to the union itself and to every athletic member.

In most cases an amateur boxer is an all-round athlete, who during the close season of boxing takes part in other sports, not for financial gain, but for his physical development and recreation. It is easily determined therefore, that a distinct difference is apparent between the two sections and to mix the two is inequitable.

One professional who will appear in a tournament next Saturday at the Victoria Club is Art Spruston of Ladysmith, who fought at Duncan as semi-wind up to the Bradshaw vs. Stubbs contest. I happened to be one of the judges on that occasion. Two other

boxers took part on this programme who appear regularly at the Tillamook Club.

I sincerely hope for the benefit of the amateur boxers of this city that President Leonard Tait and his committee who convene on March 25, will modify these conditions and bring amateurism back to its original status.

WALTER J. SHEASBY,  
Instructor, 16th Canadian Scottish Regiment, Physical Director, J.B.A.A.

### HORSE RACING

Tia Juana, March 23.—Prices were better here yesterday, with Marengo heading the winners with \$26.00. The results were as follows:

First race—Five furlongs: 1, Geo-anded, \$2.60, \$2.20, \$2.20; 2, Wrench, \$4. \$3.00; 3, Audrey S., \$2.50. Time 1:01 3-4.

### Roller Hockey

The line-ups of the Victoria roller hockey teams in the Pacific Northwest championship games to-morrow evening at the V.I.A.A. gymnasium, Victoria, will be as follows: Victoria V.I.A.A.—Goal, Farrington; defence, A. Davies, Pellet, J. Davies; forwards, Munroe, Carlow, Taylor, Walker, Moore. Victoria Reps.—Goal, Stewart (O.P.R.); defence, Wallace (Vic West), De Blaquiere (St. Pats), Cox (St. Pats); forwards, Bosom (C.P.R.), Barnswell, Drysdale, Simpson (St. Pats).

The first game between the V.I.A.A. and Ballard Lions will start at 7:45 o'clock sharp. Three fifteen-minute periods will be played.

The senior game between Ballard Commercial and the Victoria Reps will follow the intermediate game. Al Davies has been selected as the referee for both games.

### THISTLES PRACTICE

Seaside Thistles First Division soccer team will hold a practice to-morrow afternoon at Beacon Hill starting at 2:30 o'clock. All players are requested to turn out.

## GUNNERS MAY GIVE REGINA TOUGH BATTLE

If Ottawa Juniors Forget Rough Tactics Westerners Will Be Tested Hard

Second Game of Hockey Finals To-night; Ottawa Centre of Hockey Interest

Toronto, March 23.—East will meet West here to-night when Regina Monarchs and Ottawa Gunners clash in the second game for the Memorial Cup and the Canadian junior hockey championship. Regina won the first game 4-3.

Both teams are about equal in strength. Regina has a slight edge on the forward line while Gunners make up for it with their strong defence.

If Ottawa forsake the petty tripping and tripping which earned them so many costly penalties in the first game, they will provide the Monarchs with plenty of opposition.

To-night's game will be played at the Varsity Arena, which has a smaller ice surface than the Gardens.

If Regina wins they take possession of the cup, but if the Gunners win a third game will be necessary.

Ottawa, March 23.—King amateur hockey will ascend the throne of public interest for Canada's sports loving public this week-end, as the cream of the Dominion's "simon pure" puck chasers, and the rulers of their governing association, assemble in the capital.

For the players the immediate business at hand will be the final series, staged this year with Manitoba University pitted against the Montreal Victorias for possession of the Allan Cup and the title of Canadian amateur hockey champions, which goes with the historic silverware.

The rulers of the sport will gather for the yearly "clean-up" meeting of the Canadian Amateur Hockey Association.

TALK OVER RULES  
One of the leading topics of discussion at the meeting, which is to open on Saturday morning, will be the proposed changes in the rules of the game. A committee of the National Hockey League, which has been considering the rules governing play by the professional club members of that circuit, will meet a committee of the C.A.H.A. on Saturday, in an effort to iron out differences with a view to adoption by both organizations of uniform rules.

The Manitoba Varsity team and their Eastern Canadian rivals are scheduled to arrive Saturday morning and will likely proceed immediately to the auditorium for a short workout to shake train weariness from their limbs. The first battle of the all-important series is to be played on Saturday night, with the second game on Monday. Possession of the trophy and Dominion title is decided by a two-out-of-three game series, and if a third game is necessary, it will be staged Wednesday.

To-day any betting that was reported was on an even money basis, or the Western representatives on the slightly longer end of 5 to 4 odds.

LOST CUP LONG AGO  
It is recalled that if the Montreal aggregation is successful in scuttling the University hockey ship, it will mark the return to their ancient club of a trophy that slipped from its grasp in 1906 and has never since returned.

The vanguard of delegates to the meeting arrived in the capital to-day to assist in preliminary plans for the meeting. Among those who are to attend are: British Columbia, A. R. Dingman, Vancouver; Alberta, A. B. King, Okotoks, and G. A. Lynch, Calgary; Saskatchewan, J. Hamilton, Regina; H. A. Ebbels and W. Van Stalkenburg, Saskatoon.

The general sessions will be presided over by Dr. F. Sandercock, Calgary, the association president.

### Second Round Of Cup Handicap To Be Played To-morrow

To-morrow afternoon lady players of the Uplands Golf Club will play in the second round of the Darcus Cup handicap competition.

The draw is as follows:  
1.15—Mrs. Jackson and Mrs. Wilding.  
1.20—Mrs. Boyd and Mrs. Boyd.  
1.25—Mrs. Turnbull and Mrs. Semple.  
1.30—Mrs. MacFarlane and Mrs. Geiger.

1.35—Miss Hicocks and Mrs. F. C. Elliot.  
1.40—Mrs. Sanders and Miss D. Cass.  
1.45—Miss B. Wilson and Mrs. J. A. Cameron.

1.50—Miss Wolfenden and Miss Grant.  
1.55—Miss Archibald and Miss Fraser.

### Taylor Is Favored To Win Over Foley

Vancouver, March 23.—Bud Taylor's impressive showing in his work-out here, together with the fact that he is the world's bantamweight champion, has installed him as favorite to come up with the call over Vic Foley, local bantamweight, in their ten-round bout here to-night. Foley is well under the 126 pounds which he guaranteed to make for the champion and will probably tip the scales around the 123-pound mark. Taylor's weight will be about 122 pounds. The local boxing commission has selected Gil Martin, Vancouver, as the third man in the ring.

### Portland Hockey Team Takes Lead

Portland, Ore., March 23.—Portland's all-star hockey team got the jump on Vancouver, B.C. Monarchs here last night to win the first of the two-game series for the Pacific Northwest international ice title. The Rosebuds won 3 to 2. The series is a total-goal proposition, so Portland goes into the final game Sunday night one score to the good.

## NORMAL SCHOOL REFUSES TO REPLAY HOOP GAME UNDER ANY CONDITIONS

Under no conditions will the Normal School replay the second game of the play-offs for the Island senior men's "B" basketball championship. The Normalists consider themselves champions and are not interested in any talk about replaying the game.

Officials of the Normal School consider that they have been improperly treated in respect to the game played at the Y.M.C.A. on Wednesday night. The Normalists defeated the bulky Nanaimo team by seven points in the game and four points on the round under conditions equal to both teams.

"We stand ready to meet the Vancouver champions here to-morrow night as originally planned," stated one of the Normal team officials this morning. "We will not replay the game under any conditions."

The Vancouver Island Basketball Association, by a telephone vote, threw out the second game based on a protest by Nanaimo.

This leaves it up to the Vancouver Island Basketball Association to either reconsider the protest in a properly convened meeting or to declare Nanaimo champions. It would not look well, however, to send the defeated Vancouver Island team into the final against the Vancouver champions.

### Wright and Guest Compete This Year In Diamond Sculls

Toronto, March 23.—Joe Wright Jr., champion single sculler, and Jack Guest, who will be his partner in the doubles event in the Olympic sports, will both compete in the Diamond Sculls in the famous English Henley, in which event Wright was finalist last year.

The man making the better showing in the English regatta will represent Canada in the Olympic singles, only one entry from each country being accepted.

### Delaney Going Back

Miami Beach, Fla., March 23.—Jack Delaney, who recently stepped into the heavyweight class, will go back into the light-heavyweight division probably to get Tommy Loughran in June for the title in that division, but neither man will meet Gene Tunney this year, Tex Rickard announced last night.

### Tilden Forced

Augusta, Ga., March 23.—"Big Bill" Tilden, the nation's ranking tennis star, had to fight hard yesterday to avoid a second defeat in the Davis Cup test play, but he finally subdued his singles adversary of the day, George Lott, of Chicago, 6-8, 6-2, 6-1, 3-6, 7-5.

Winter Haven, Fla., March 23.—At least one of the Phillies—Cy Williams, slugging outfielder—has at last found his batting eye. When some of the others got going Manager Shotton expects to win another ball game in his exhibition series.

Williams slammed out a home run and three singles against Brooklyn at Clearwater yesterday, but the Phillies lost 7-6.

Fort Myers, Fla., March 23.—Tris Speaker, in the opinion of most of the Philadelphia Athletics, has reached the top form in his training. He has whittled off extra flesh until he now weighs 185 pounds, the lowest playing poundage he has carried in three years.

Speaker connected with a home run and a two-bagger against the St. Louis Cardinals at Avon Park yesterday, but the Athletics lost 8 to 3.

## SCOTTISH ARE FIT FOR GRIM RUGBY BATTLE

Ex-King George of Vancouver Will Be Here To-morrow For Rounsfel Cup Game

"We'll be out there fighting our best to bring the Rounsfel Cup to Victoria," declared Dick Wallis, manager of the Canadian Scottish rugby football team, this morning. The Scottish are to be pitted against the Ex-King George, rugby champions of Vancouver, at the Willows Oval to-morrow afternoon, with the kick-off at 3 o'clock.

The Ex-King George won the Senior League in Vancouver and the Scottish captured the Barnard Cup here by ending the long reign of the J.B.A.A. Each year the winners on the Island and Mainland met in a series to determine the British Columbia champions. The Rounsfel Cup goes to the winner.

SCOTTISH READY  
The Canadian Scottish are in splendid shape for the fray. They have had a fine season and all their players are eager to get into the game.

Nichol will play full-back, with Turgoose, Killick, Henderson and Horne as three-quarters. Reg Wenman will be at five-eighths and Shaw and Pollard will be the halves. Travis, Godwin, McGivern, Feden, Fanning, Forbes and G. Wenman will be the forwards, with Bernard and Kinsman as spares. Vancouver will be well represented, as many of their players have had places on the rep team.

A big crowd is expected, as the game will practically bring to a close the English rugby season in Victoria.

Each of the cities has won one championship this year. Vancouver captured the McKechie Cup and Victoria won the intermediate championship through the victory of the University School. Each city is anxious to win the "rubber."

### Sande Reinstated

Baltimore, Md., March 23.—After four months' suspension from Maryland tracks for fouling another rider's mount in the Pimlico, Earl Sande was reinstated by the Maryland Racing Commission yesterday.

## VICTORIA WILL RESUME SERVICE

Thorough Overhaul Puts Coastal Steamer in Shape For Summer

The Canadian Pacific steamer Princess Victoria, fresh from her annual overhaul, will resume service in the triangle run of the B.C. Coast Steamship Service on Sunday, it was announced this morning. The Victoria will relieve the Alice on the run to Seattle, the latter vessel coming into this port for overhauling.

Considerable work has been done on the Victoria during the last few weeks at Yarrow's Limited. Some of the decking and deck supports have been replaced, and the whole vessel has been given a good cleaning and painting throughout. Her engines have also been overhauled and put in shape for service during the coming summer. She left Yarrow's plant yesterday afternoon, after completion of the work.

The Princess Alice will probably be hauled out at Yarrow's early next week.

## Sea Wall Breaks And Land Flooded

Eable Dolonne, Vendes, France, March 23.—The Atlantic Ocean today threatened to engulf the village of La Fautte, close to the famous summer cottage of former Premier Georges Clemenceau.

The dike, which had been weakened by a succession of storms during the winter, burst under the pressure of a neap-tidal spring tide backed up by a gale. The waters of the ocean poured through and flooded 200 acres of ploughed land.

All of the inhabitants of the region were mobilized. Under the direction of the Government engineer, they worked furiously throwing up a dike to save La Fautte, which is a village of 50 houses.

## VESSEL MOVEMENTS

Boston, March 22.—Arrived: Ononaga, Portland.

## RUSSIA TO REACH QUARANTINE AT 3 O'CLOCK SUNDAY

Latest advices from the Canadian Pacific lines Empress of Russia indicate the big steamer will reach William Head quarantine station at 3 a.m. Sunday, it was announced by C.P.R. agents today. The Russia will dock at Pier 3, Rithet Docks, at 7 a.m. and will remain in port two hours, sailing at 9 a.m. for Vancouver. The Russia's passenger list includes ninety-two saloon passengers, sixty-four second class, eighteen third and 424 steerage. She has a measurement of 3,775 tons of overland cargo, 280 tons for the United States and 120 tons for Atlantic ports.

## TRAFFIC BLOCKED BY SNOWSLIDES

Nelson, March 23.—Several slides on the Kettle Valley Railway line at Mileage 66, just west of Farron, B.C., tied up traffic on the line for over twenty-five hours. The Vancouver train, due in Nelson Wednesday night at 10:55 o'clock, did not arrive until Thursday evening at 8:30 o'clock. The westbound passenger, leaving here at 9:05 Wednesday night, was held by the slides until 2:30 o'clock this afternoon, and will be over thirteen hours late in arriving at Vancouver.

Slides came down at Coryell and at Lafferty. The largest slide was about 100 feet in width and thirty feet deep. Snow ploughs and crews were dispatched from Grand Forks, and after twenty-five hours' work the road was cleared at 2:30 o'clock this afternoon.

## SPOKEN BY WIRELESS

March 23, 8 p.m.—Shipping:

ALABAMA MARU, bound Victoria, 50.16, north; 154.06 west.

BIYO MARU, 1,200 miles from Estevan, inbound.

EMPEROR OF RUSSIA, 1,066 miles from Victoria, bound Victoria.

KAISHO MARU, Muroran for Vancouver, 46.37, north; 174.28 east.

ESTHER DOLLAR, Muroran for Englewood, 1,100 miles from Shushar-tai Bay.

TACOMA, Yokohama for Vancouver, 1,000 miles, bound Victoria.

HOFU MARU, Japan for Vancouver, 1,715 miles from Vancouver.

BORDEAUX MARU, bound Seattle, 1,285 miles from Seattle.

NANSHU MARU, Japan for Port Alberni, 1,350 miles from Estevan.

March 23, noon—Weather:

Prince Rupert—Part cloudy; calm; 29.50; 45; sea smooth.

Estevan—Part cloudy; southwest, fresh; 29.44; 47; sea rough. 8 a.m. Princess Maquinnas at Ucluelet, north-bound.

Pachena—Rain; squalls, southwest, fresh; 29.56; 47; heavy swell.

34. 11.07 a.m. 12.31 a.m.

## ELEVEN SEAMEN MISSING AFTER STEAMER WRECK

Gibraltar, March 23.—A boat with eleven men missing was the last sight of the steamer Cito was missing today following the wrecking of the vessel off Tarifa, Spain, in a storm last night. The Cito sailed from New Orleans February 23 for Alexandria, Egypt.

The crew took to the boats when the ship was wrecked. One of the boats with twelve men was picked up by the steamer Domail.

The salvage steamer Rescue and the British destroyer Wakeful searched in the vicinity of the wreck all night for the missing men, but without success.

## \$10,000,000 CARGO ON PRESIDENT TAFT

San Francisco, March 23.—Under command of Capt. K. A. Ablin, the Dollar liner President Taft arrived here early yesterday with 553 passengers. Of this number 129 were cabin passengers and the remainder were in steerage.

The Taft also brought in 2,000 bales of raw Japanese silk valued at \$4,000,000. In the ship's special tanks was approximately \$5,000,000 in gold. The silk and gold shipments were the largest and most valuable to arrive here on any of the vessels of the Dollar fleet this year.

Effective next Wednesday, the Nelson Steamship Company will maintain two sailings a week between this port and San Luis Obispo, it was announced at the local offices of the company yesterday.

The steamer Noma City, recently added to the company's fleet, will sail here next Wednesday and will alternate with the steamer Daisy Freeman.

The former American Hawaiian Steamship Company's liner Ariston, recently sold to Japanese interests, arrived at Yokohama yesterday, word received by the local chamber of commerce revealed. The Ariston carried a cargo of lumber from North Pacific ports.

Under command of Capt. R. R. Drummond, the Matson Oceanic liner Ventura sailed from here yesterday for Australia via Honolulu.

## Weston Shops Win Cup For First Aid

Winnipeg, March 23.—The annual first aid championship of the Weston shops of the Canadian Pacific Railway was decided here last night when team Number 4 from the Weston shops carried off the Sir Augustus Nanton trophy donated some years ago for this event. Interest in the competition was evidenced by a large number of spectators being put through stretcher bearing and other practical St. John Ambulance work. Following the examinations which lasted several hours the Augustus Nanton Cup was presented to the winning team by Lady Nanton, who spoke highly of the interest maintained in first aid work by employees of the Canadian Pacific.

Lady Nanton stressed the value of the work in connection with a railway organization, stating that the real reward for the time and energy expended in the work arose from the fact that thousands of employees throughout the system were in a position to help in hundreds of cases, relieved suffering and in many instances saved life.

## MARINE NOTES

Ss. Commercial Guide docked at 10 o'clock last night to load 1,500,000 feet of lumber for the Atlantic seaboard.

Ms. Bronnoff, which has been loading lumber here during the day, is expected to clear this evening for Sydney, Australia.

Ss. E. D. Kingsley sailed from San Francisco at 8 p.m. Wednesday for this port and is expected to-morrow night to discharge California cargo.

King Bros. report the tanker La Placencia due here Sunday to discharge oil at the Esquimalt oil tanks.

## UNITED STATES AIR MAIL SCHEDULE

TABLE SHOWING TRANSIT TIME FROM VICTORIA

East-bound daily, including Sunday.

Air mail closing to-night at 11 o'clock.

## NEW STATION SIGNIFIES PROGRESS

Significant of the development of the Canadian Northwest is the new station building of the Canadian National Railways, which has just been opened at Edmonton, Alberta. The key was turned by His Honor Dr. William Egbert, Lieutenant-Governor of the province and the station was declared open by Mr. S. J. Hungerford, Vice-President of the National system. Twenty-three years ago the first train entered Edmonton. No less than forty trains go in and out of the new station daily.

## PROVINCE TOPS BREEDERS' LIST

B.C. Is First in Goat Industry; Dominion Officers Elected

British Columbia leads the goat industry in Canada, according to the annual meeting of the Canadian Goat Society here today, according to word received today by W. M. Allan, local agent. The B.C. will leave Seattle at 4 a.m., arriving at 11 a.m. and will probably clear shortly after noon.

She usually leaves at 9 a.m. The B.C. arrived from California at 5:10 p.m. yesterday, bringing ninety-two passengers and 100 tons of freight for this port.

The milk of the goat, according to authorities, was of immense value in feeding babies and delicate children, in the raising of small stock, such as foxes, rabbits and dogs, and for manufacturing edible delicacies, stated Mrs. T. Oliver, vice-president of the society.

In an address, she declared the public should be educated in the matter of goat milk value.

Officers elected were: President, Miss Jean E. Harvey; vice-president, H. O. Morson, Burnaby; secretary-treasurer, George Pilmer, Department of Agriculture; directors, C. W. Newbury, J. E. Richards for B.C.; S. O. Freeseburg, Seannan, Sublans and Amorgos.

## BEDTIME STORY

### Uncle Wiggily and the Water Streets

Copyright, 1928, by McClure Newspaper Syndicate  
By HOWARD R. GARIS

Baby Bunty and Vallie, the little rabbit girl who had been found in a Valentine basket on Uncle Wiggily's stoop, stood close to each other in front of the Italian rabbit burrow and waited to see what would happen when Mr. Longears reached the back end of the hole. For there Bunty said she had seen a big, white bear.

"It is, very likely, my friend Mr. Whitewash, the Polar Bear from the North Pole," said Uncle Wiggily. "Though how he ever got over here to Italy I can't imagine."

"Perhaps he paddled his way on a cake of ice," suggested Vallie. When the little rabbit girl saw how brave Uncle Wiggily was they were no longer afraid.

"I don't believe Mr. Whitewash could come here on a cake of ice," answered Mr. Longears as he kept on toward the back of the burrow. "In Italy the sun is always so warm, except in the high mountains, that the ice cake would melt. Hello there! Who are

"Hello there!" cried Uncle Wiggily again.

you!" suddenly asked Uncle Wiggily. He had seen the same white figure of a bear that Bunty had noticed. But, strange to say, the bear did not move.

"Hello there!" cried Uncle Wiggily again.

"What's the matter?" asked Bunty as she and Vallie walked toward the rabbit gentleman. "Won't Mr. Whitewash speak to you? Is he angry?"

"Oh, I couldn't think that of my friend Mr. Whitewash," spoke Uncle Wiggily. "But he is certainly acting queerly. He hasn't moved."

"Maybe he's frozen," suggested Vallie timidly.

"You can't freeze a Polar Bear," said Baby Bunty. "Can you, Uncle Wig?"

Uncle Wiggily did not answer. He was looking at the big white bear and listening to a noise in the burrow next door where the Italian rabbit lived.

All of a sudden the Italian rabbit, with the green rooster feathers in his hat, came into the hole where he said Uncle Wiggily and the bunty girls might sleep that night.

"What's the matter?" asked the Italian rabbit, whose name was Parma. "Look at that big, white bear!" exclaimed Bunty. "He might scratch us, for he isn't Mr. Whitewash as we thought at first."

"Ha! Ha!" laughed Parma. "That bear will never bite anybody."

"Why not?" asked Uncle Wiggily.

"Because he is only a bear carved out of white, marble stone," answered Parma. "He is just an image, or statue of a bear. You know the Italians are great people for making statues and images. That white stone bear has

## To-morrow's Horoscope

SATURDAY, MARCH 24, 1928

Good and evil planetary influences are active to-day, according to astro-

logy, but the benefic aspects strongly dominate.

Women to-day are subject to a fortunate direction of the stars making for success in public affairs as well as happiness in the domestic circle. This should be a lucky wedding day, for the stars indicate financial progress and long life.

While bankers are supposed to be soft-hearted to-day, it is wise not to seek loans while this configuration prevails.

Banks are warned by the stars that they should beware of real estate investments, for there is to be trouble through lands for one big institution. Theatres should benefit from this

posting of the stars which seems to offer them big successes.

New stage stars will rise but they will dazzle few, because they will belong to a less lofty plane than those whose names are now cherished by the whole world.

Chicago at this time is subject to a rule of the stars making for business

development and enormous projects that will arouse world envy.

The eclipse of the Sun, May 19, is an event of interest to the astrologers of all ages and countries, for it will be of portentous power.

Epidemics may sweep certain parts of the world and sickness will be general, astrologers announce.

In Russia the Soviet is to adopt a more intensive plan of presenting propaganda, it is reported.

Persons whose birthdate it is have the augury of a fair year, but they should avoid obstinacy.

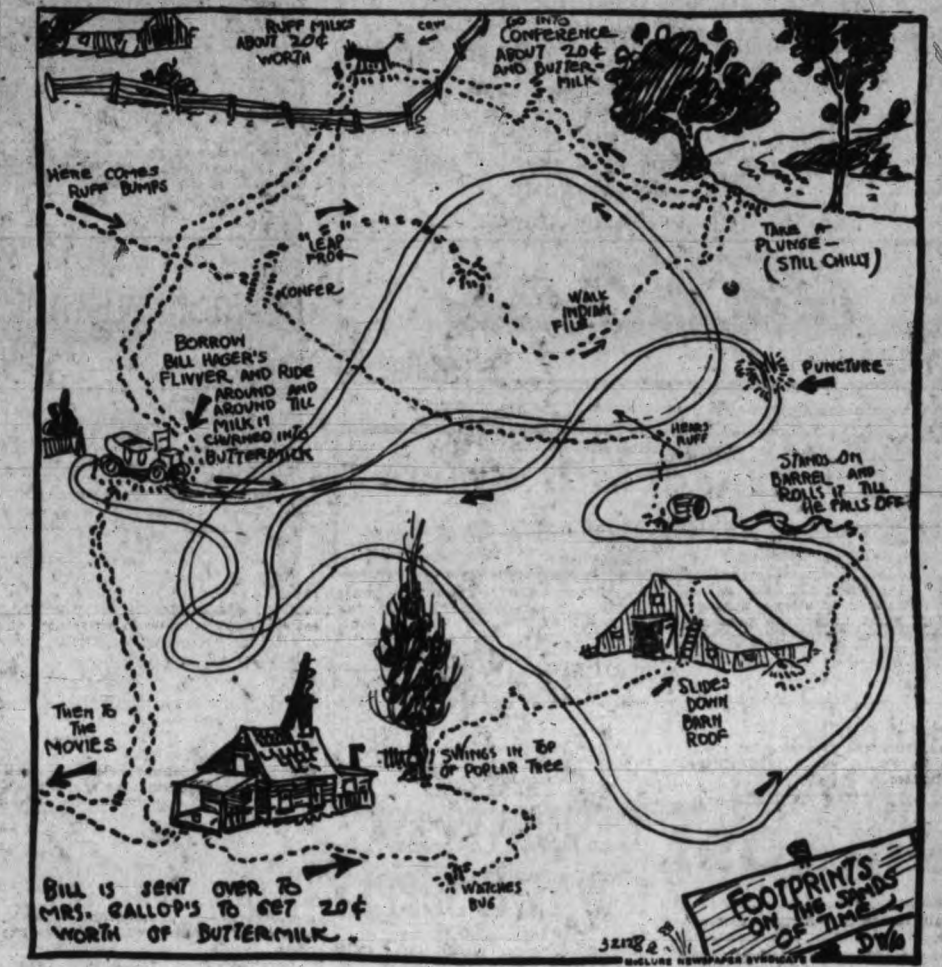

Children born on this day may be easily spoiled. Many big opportunities come to the subject of this sign.

## Six Killed In Road Accident

Leaf, Miss, March 23.—Five school children and the driver of an automobile conveying them from the Salem school to Leaf lost their lives near here yesterday when a large pine tree, felled beside the road, fell on the passing automobile. Two pupils in the rear seat were thrown from the car and suffered fractures of legs, while one

## Sage Tea Dandy to Darken Hair

By DOROTHY LANG

You can turn grey, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Weth's Sage and Sulphur Compound" at any drug store. It costs only 75 cents. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist, because it darkens the hair so naturally and evenly that no one can tell it has been applied. These women hair is turning grey or becoming faded have a surprise awaiting them, because after one or two applications the grey hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth. Grey-haired, unattractive folks aren't wanted around, so get busy with Weth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. (Adv.)

## Marion Talley, Turned 21, Beams: "Now I Can Vote!"

At the right are two photos of Marion Talley taken when she made her debut in the Metropolitan Opera; left, as she looks at twenty-one.

New York, March 23.—Marion Talley, youngest prima-donna of the Metropolitan Opera and pride of the Middle West, turned twenty-one the other day.

"Now," said Marion, "I can vote!"

For the moment, at least, that was the greatest importance of the event to the distinguished young member of a profession which seldom troubles itself with affairs of state.

"Career or no career, I think every woman should give at least a little thought to government and politics," she said.

"My politics? I'm not yet ready to commit myself on that. But if President Coolidge were going to run for re-election next fall I most certainly should vote for him. I think he is a wonderful man."

At twenty-one Marion Talley has behind her two successful years of an artistic career, and an assortment of operatic roles such as would do credit to a singer nearly twice her age.

Yet she's up at 6:30 a.m. daily for long hours of practice.

ANOTHER TOUR

"I shall be singing at the Metropolitan until April, and then I hope to go on tour for a few weeks again," said Miss Talley. "I like touring. I want to visit as many American cities as I can. Then this summer I plan to go to Europe—not to sing."

"I hope to sing there some time, but not until I am older. This summer I shall just study some more—in France, Germany and Italy."

THAT CIVIC SPIRIT

"Career or no career, I think every woman should give at least a little thought to government and politics," she said.

"My politics? I'm not yet ready to commit myself on that. But if President Coolidge were going to run for re-election next fall I most certainly should vote for him. I think he is a wonderful man."

## AT THE THEATRES

### DOLORES COSTELLO IN COMEDY ROLE IN PLAYHOUSE FILM

The alluring sadness of Dolores Costello turns to captivatingly demure mirth in "The College Widow," the Warner Bros. picture of George Ade's stirring college comedy, at the Playhouse Theatre. The cast includes William Collier, Jr., Anders Randolf, Douglas Gerrard, Charles Hill Mailes, Robert Ryan, Sumner Getchell, Big Boy Williams, Grace Gordon and Jess Hibbs. Archie L. Mayo directed. On the same programme is Colleen Moore in "Painted People."

### COLLEEN MOORE PLAYS LEAD IN VARIETY FEATURE

Colleen Moore's latest portrayal of the modern secretary girl is shown in her first National starring picture, "Orchids and Ermine," now at the Variety Theatre, which tells the story of a distinguished young member of the opera in the lobby of a big New York hotel.

Appearing in her support in the picture, which John McCormick produced, are Jack Mulhall, Sam Hardy, Gwen Lee, Alma Bennett, Hedda Hopper, Kate Price, Jed Prouty, Emily Fitzroy, Caroline Snowden, Yola d'Avril and Brooks Benedict.

### ESTHER RALSTON HAS GOOD PART IN COLISEUM PICTURE

Heaven may help the working girl, but who is going to look after the poor working man? He can't safely leave it to a private secretary if he has a jealous wife. Not at least, if the secretary is as blonde, beautiful and alluring as Esther Ralston, star of Paramount's "Painted People," which is at the Coliseum Theatre to-day.

Miss Ralston shows how much trouble a working girl may get into by trying to look after her employer's business affairs. Even when she uses methods as innocent as tying memory-jogging strings around his fingers.

The boss' wife thinks that the secretary wants to get strings on her husband's pocketbook instead of his finger. The young sales manager isn't sure about it, but he does know he wants the secretary.

### FRENCH VILLAGE WAS CONSTRUCTED FOR "WIFE SAVERS"

An entire French village was constructed by Paramount for exterior scenes of "Wife Savers," the Wallace Beery-Raymond Hatton comedy now at the Capitol Theatre. Sprung up under the saws and hammers of an army of workmen, the village at the Paramount ranch in North Hollywood included residences, a school, an inn, a ruined chateau, a military encampment and a railroad station. Ralph Cedar directed the production, and the supporting cast includes Ford Sterling, ZaSu Pitts, Sally Blane, Tom Kennedy, August Tolle and George Harvey.

On the stage at the Capitol Theatre this week are the W. Abertons, Oriental dancers, in a gorgeous dance presentation; Miss Moore, pianist, and Miss McEwan, soprano soloist, in a piano and vocal offering; and "London After Midnight," at the Dominion Theatre to-day, had to solve during the production. Practically every sequence had to do with ghosts, and the samples "up-dead"—so strange, creepy melodies had to be selected for inspirational music in the supernatural episodes.

### HAUNTING MUSIC PLAYED DURING MAKING OF FILM

What kind of music is best calculated to make ghosts walk about? This is the old, little problem that Sam and Jack Feinberg, musicians on the set during Lon Chaney's new Metro-Goldwyn-Mayer mystery vehicle "London After Midnight," at the Dominion Theatre to-day, had to solve during the production. Practically every sequence had to do with ghosts, and the samples "up-dead"—so strange, creepy melodies had to be selected for inspirational music in the supernatural episodes.

Among the airs the musicians played to heighten the suspense and give mystery atmosphere during the enactment of the strange drama were "Ave's Tod," by Greig, "Birds," by Greig, "Dance of the Undead," by Rapp; the "Fire Music" from Wagner's "Die Walkure," and others by Savino, Zimonek and Puccini.

### PRETTY BRUNETTE PLAYS WITH HOOT GIBSON IN FILM

Georgia Hale, pretty brunette film comedienne, is cast in the leading female role opposite Hoot Gibson in his latest Universal release, "The Rawhide Kid," which is at the Columbia Theatre to-day. The picture is a chuckle of thrills and action that are part and parcel of the colorful Western photo-plays in which the inimitable Hoot is starred. Director Del Andrews keeps the film humming all the way through and the plot of the play is well acted by the entire cast, embracing William H. Strauss, Tom Lingham, Frank Hagney and Harry Todd. The picture was adapted from the story, "The Lion and the Lamb," by Peter B. Kyne.

### VAUDEVILLE BILL AT THE COLISEUM IS GREAT ATTRACTION

The vaudeville bill at the Coliseum this week is meeting with continued success at every performance. Opening the bill is "Sandy Macab," Scotland's violin mimic, in a novelty act. Second on the bill is the Barry Sisters in old-fashioned dances, and third is Lella Doherty, the clever local dancer, in two good numbers, following Miss Doherty is Buster Brown, the laughing songster, featuring his own number, "The Man With the Jolly Good Laugh," and closing the programme is Jack Carr, in his new act, "A Study in Black." On the screen are two good attractions.

Do you get a sensation of pressure on the right? Don't be frightened—it's not heart trouble—it's indigestion. Seeley's Syrup will fix it. Any drug store.

### Where To Go To-night

Columbia—"The Rawhide Kid." Variety—"Orchids and Ermine." Capitol—"Wife Savers." Dominion—"London After Midnight." Playhouse—"The College Widow." Coliseum—Vaudeville. Crystal Garden—Swimming and Dancing.

### CANADIAN PLAYS SKILFULLY DONE

But There Is Paucity of Original Ideas, Says Competition Judge

Montreal, March 23.—Paucity of original ideas, rather than lack of technical skill, is revealed as the chief barrier to the development of a national school of drama by the results of the one-act play competition conducted by the Montreal branch of the Canadian Authors' Association. Even the four plays which carried off the awards were more notable for skillful construction than for freshness of thought according to Sir Andrew Macphail, chairman of the committee of judges.

As the competition was open to entries from all over Canada, the only qualification demanded being residence in the Dominion, its results may with justice be accepted as indicative of the failings and virtues of Canadian playwrights as a class, he said. Studied in this light they are dampening to the hopes of any early evolution of a national drama. Faulty technique can eventually be cured by carefully directed training, but intellectual sluggishness is a more stubborn evil.

### PRACTICE NEEDED

The critic must, however, take into consideration the possibility that the lack of native vigor in the compositions submitted is chargeable to artistic rather than intellectual slowness. A few at least of the ninety-three authors who forwarded one-act plays to Sir Andrew and his committee are doubtless capable of viewing life from new angles and interpreting their glimpses in a fresh manner, but are ill at ease with what is generally regarded as an artificial and restricted medium of expression.

If this be the case, there is still sound reason to hope for the Canadian drama. It has not been stillborn, but stands in need of sturdy nourishment and encouragement that it may learn to use its limbs and faculties.

### PIONEER SPIRIT

The young playwrights, who are afraid to give free range to their thought and seek intellectual adventure in unexplored regions lest they commit stylistic gaudieries may easily become imbued with the pioneer spirit as they gain familiarity with their chosen medium. It must be remembered that playwrighting has received less attention in Canada than other branches of artistic expression and is still looked upon as an experiment fraught with danger. The author is as subject to stage fright as the player.

### LITTLE THEATRES

Another avenue of thought was opened up by the competition. Sir Andrew Macphail reiterated the belief of a small body of enthusiasts that the hope of the Canadian drama lies in the Little Theatre, while another commentator on the stage, Robert L. Calder, K.C., who includes study of the drama in his varied interests, feels strongly that before the Little Theatre can establish itself as a medium of cultural education it must temporarily lower its standards and meet the public on its own plane. He believes the amateur theatre should first give the public what it wants, however galling that may be to the artistically elect, then lead them by easy stages upward into a more rarified atmosphere. Perhaps in this manner, he says, both authors and audiences might learn to think.

### ERRATIC SCIENCE

From high school boys' science papers:

The earth makes a resolution every twenty-four hours.

The difference between air and water is that air can be made wetter and water cannot.

We are now the masters of steam and electricity.

Things that are equal to each other are equal to anything else.

Gravity is chiefly notable in the Autumn, when the apples are falling from the trees.

The axis of the earth is an imaginary

increase your weight

5 Pounds in 30 Days

Make Yourself Strong, Healthy and Vigorous at the Same Time.

By this time most people know that the world's great flesh producer is McCoy's Cod Liver Extract Tablets.

Take them for a few weeks and the hollows in your cheeks, your neck and chest will soon fill out and, whether you be man or woman, you'll have an attractive figure and plenty of "get there" energy in just a short time.

No one will call you skinny any more. In McCoy's you find a combination of health builders that bring energy, strength and vigor and at the same time put pounds of good healthy flesh on those who are underweight.

One underweight woman, exceedingly thin, gained 10 pounds in 22 days and doesn't have to worry any more about her figure.

McCoy takes all the risk—Bead this ironclad guarantee. If after taking a sixty-cent box of McCoy's Cod Liver Extract Tablets or a one-dollar box any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health, McCoy's Drug Company, Vancouver, Drug Company, Owl Drug Company or any druggist is authorized to return the purchase price.

line on which the earth takes its daily routine. A parallel straight line is one which, if produced to meet itself, does not meet. Electricity and lightning are of the same nature, the only difference being that lightning is often several miles long, while electricity is only a few inches.

### MONTREAL ELECTION

Montreal, March 23.—Twelve members of the new Montreal council will take their seats by acclamation after election day, April 2, and therefore there will be no aldermanic contests in twelve wards. City Clerk Gauthier closed the nominations yesterday. Two candidates remain for the mayoralty contest. Mayor Martin and Camille Houde, former M.P., Mayor Martin has been the city's chief magistrate for the last fourteen years, with the exception of one two-year period when Charles Duquette was mayor.
